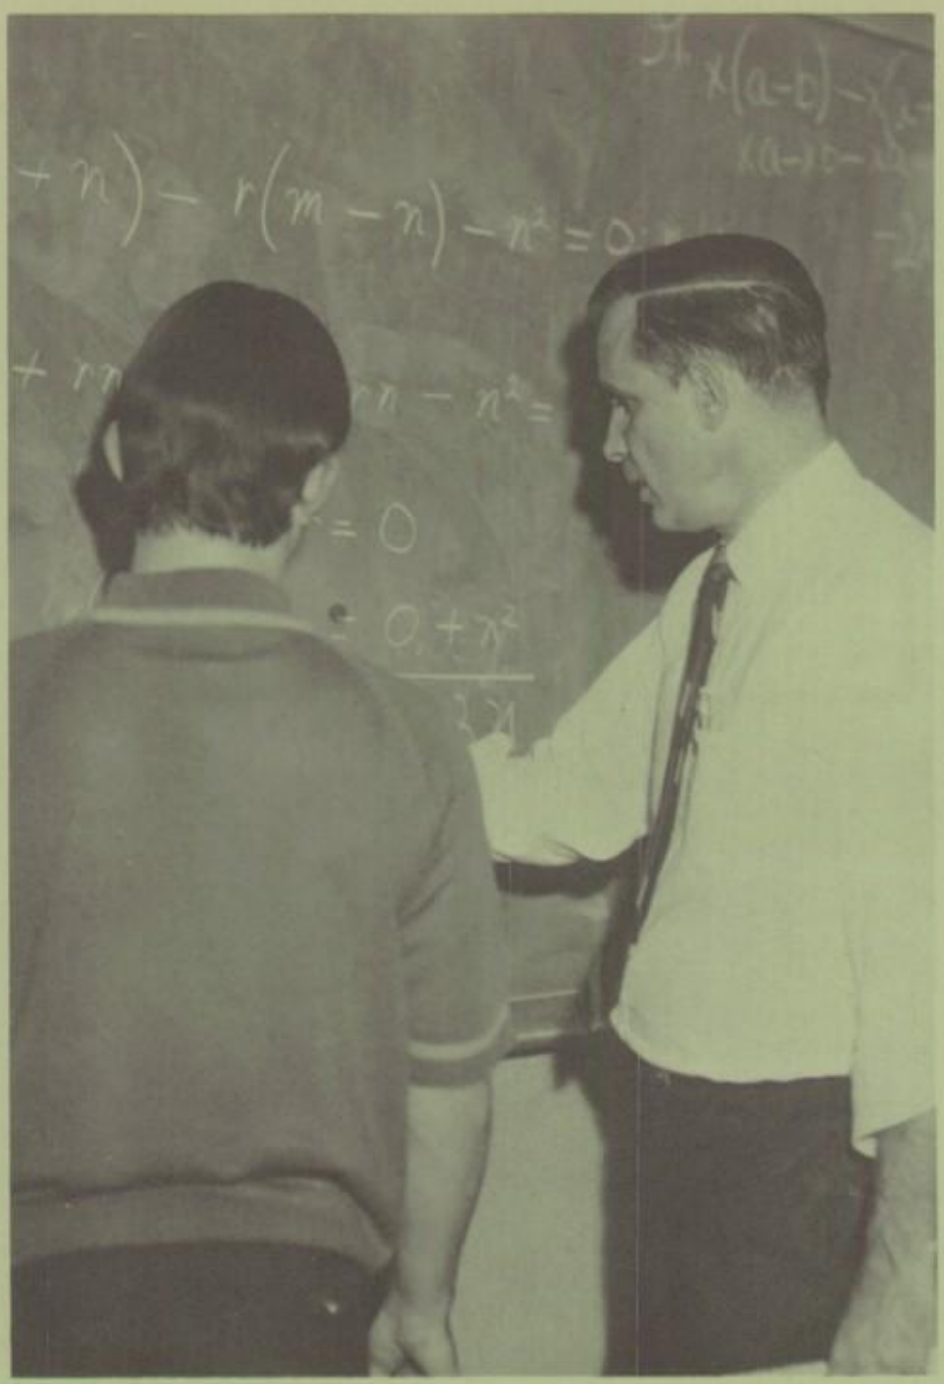
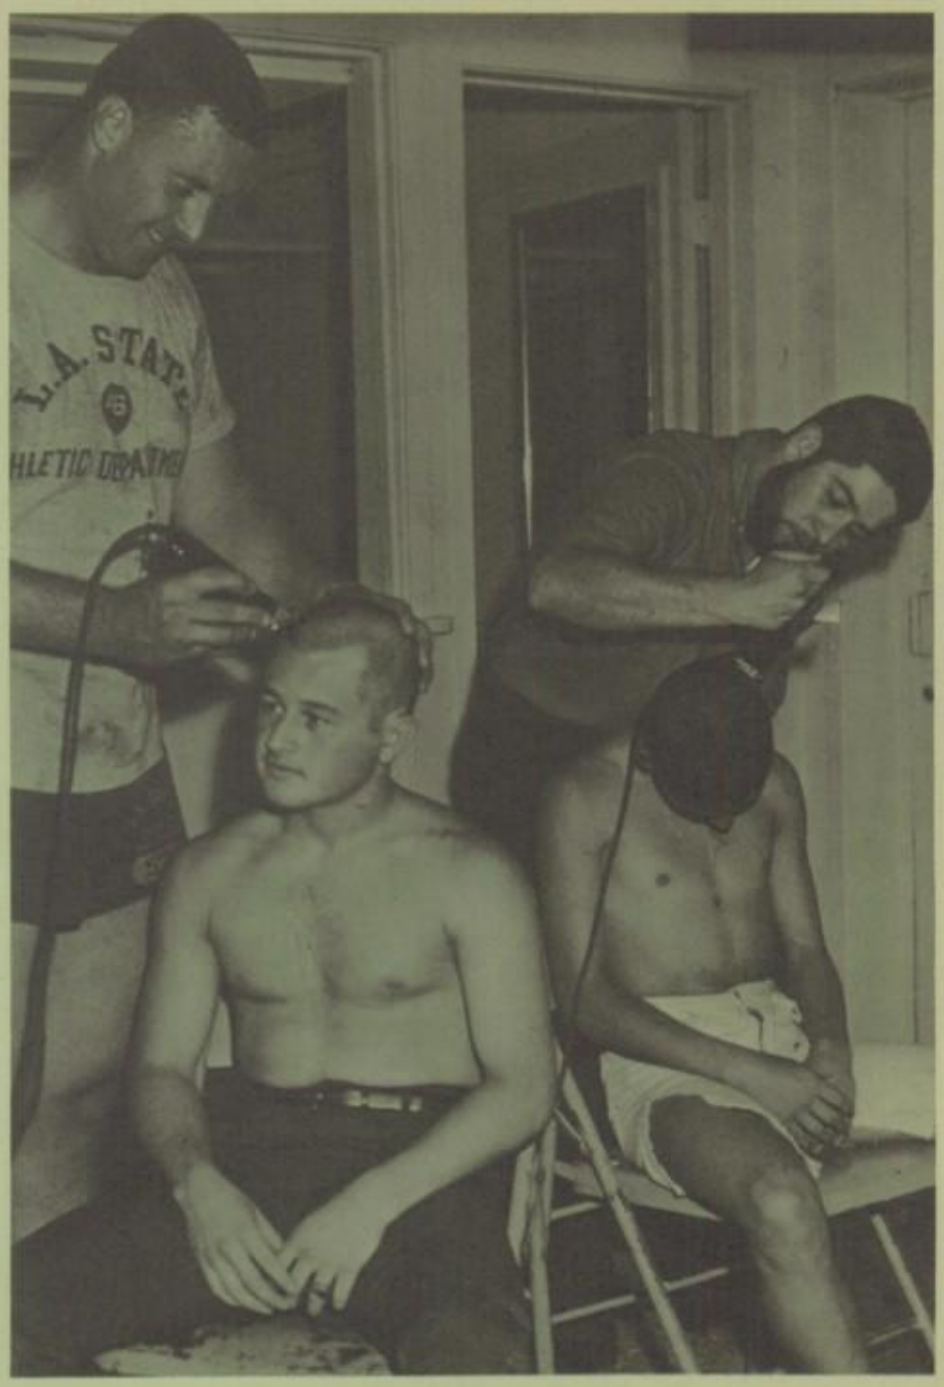
The phoenix is a mythological bird which symbolizes rebirth. It consumes itself in fire and is destroyed completely — ashes are its only remains. From these ashes, the phoenix rises again, with renewed youth and beauty. Cathedral High School has done just this in the past year. Out of its own depression, Cathedral has risen again, like the phoenix, and has organized a magnificent school of brotherhood. This renewed involvement can be seen in the accompanying pictures.

RENAISSANCE—

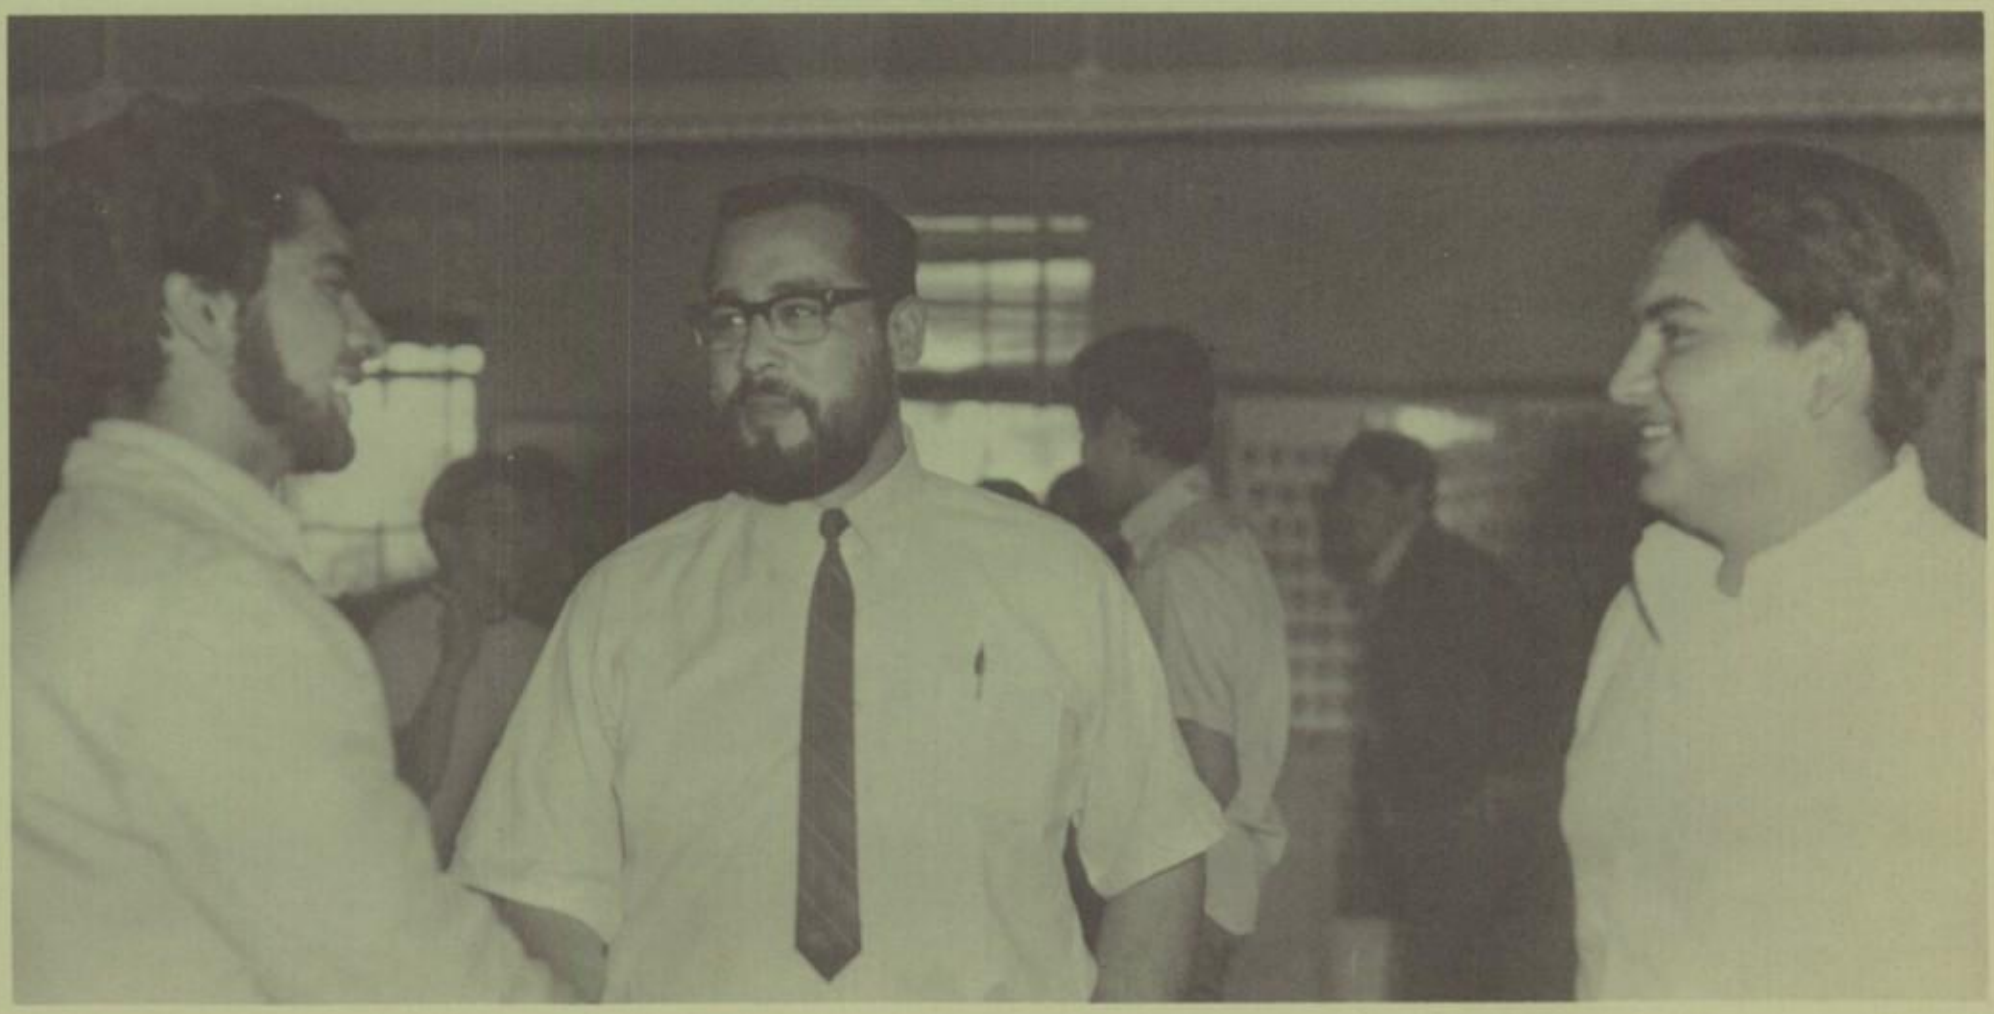
a renewal

Out of the depths of the mire, the phantoms of nineteen sixty-nine arise from their resting place and have returned to this world to form one of the most revolutionary schools in the history of education. Through mutual trust and acceptance between the students and the administration, a feeling of unity has come about, creating a fervent spirit of of friendship and brotherhood. The ghost of Cathedral past has haunted these hallowed walls for its last time. In its place has come a recognizable feeling of unity. No longer to face the shadows of the past, we look forward to a bright future for Cathedral. This is the Cathedral of today.

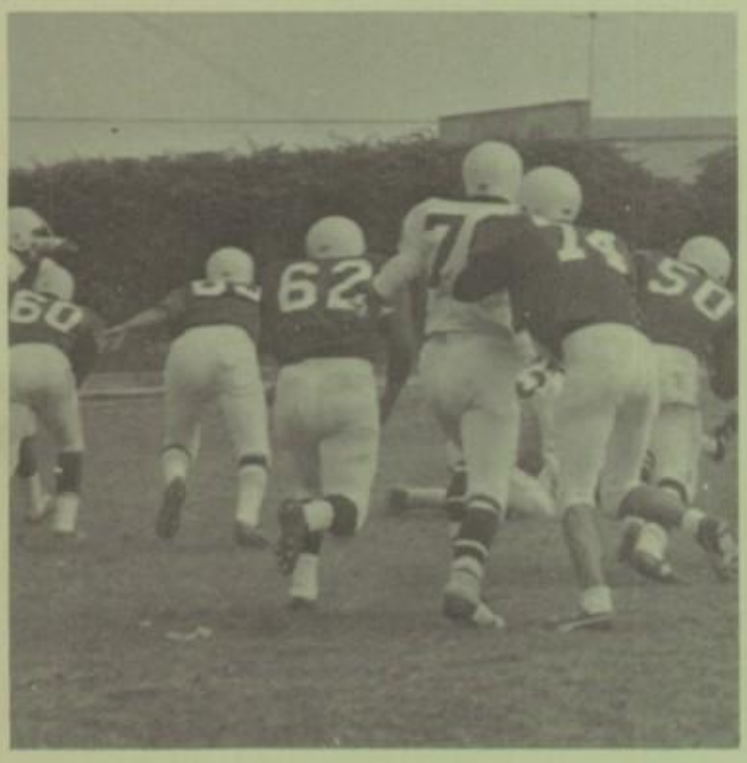


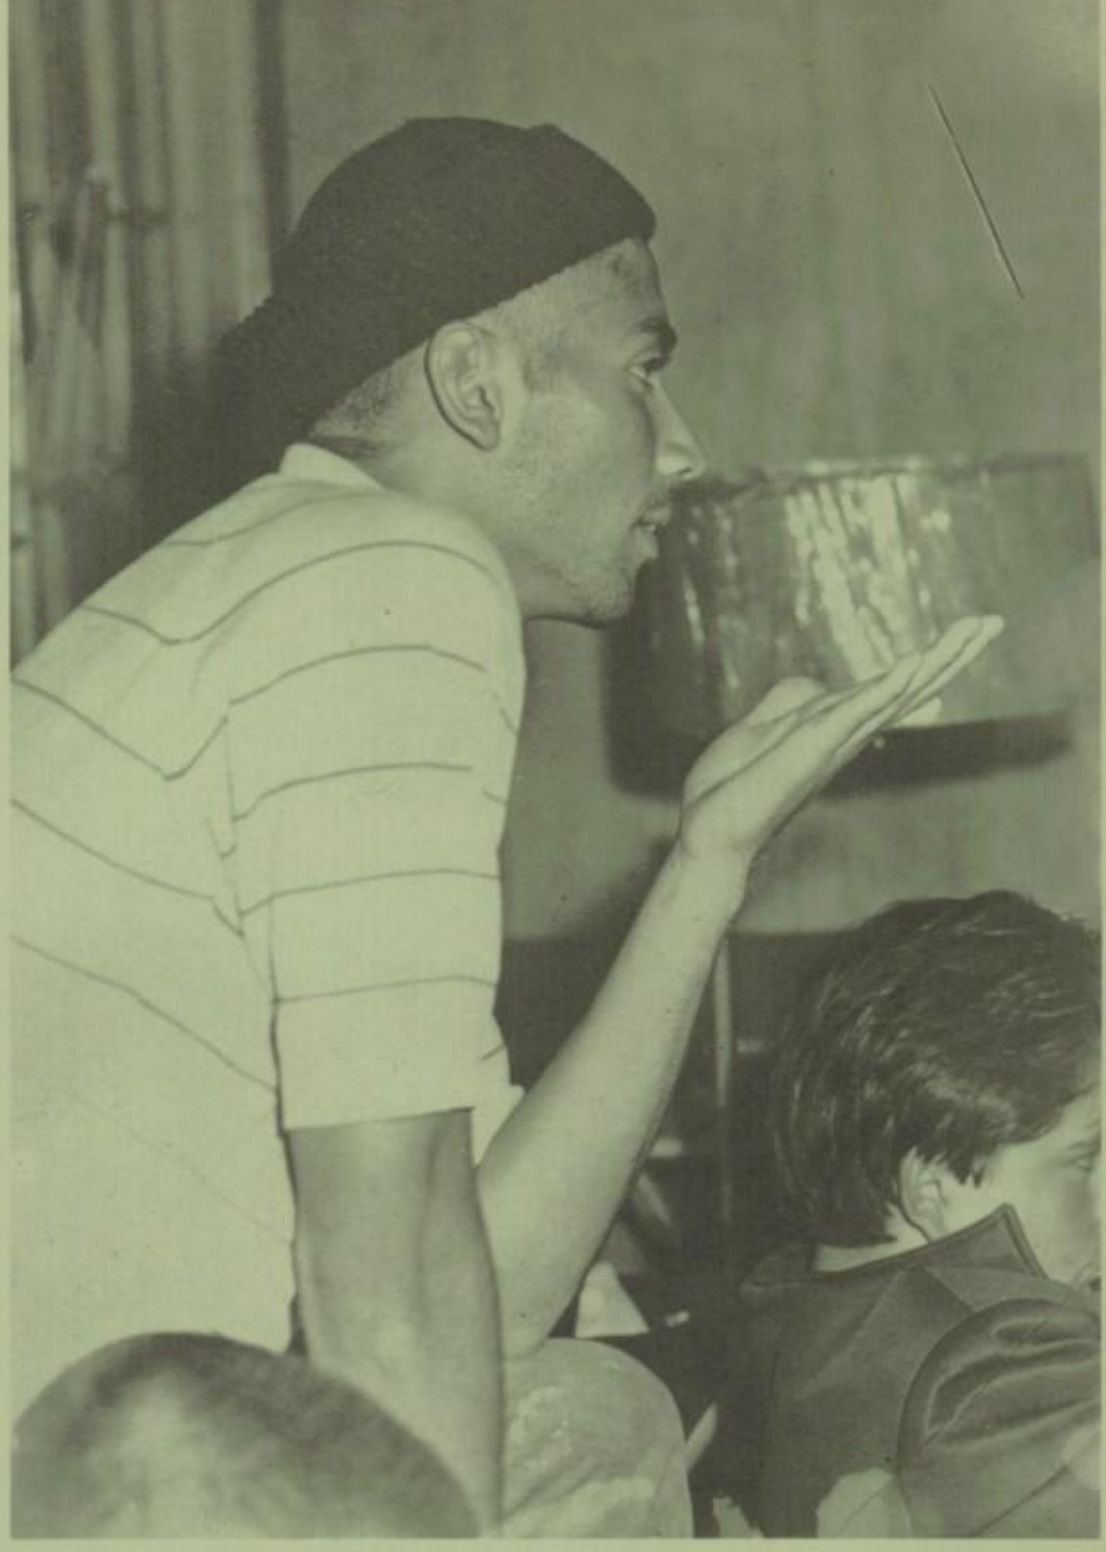


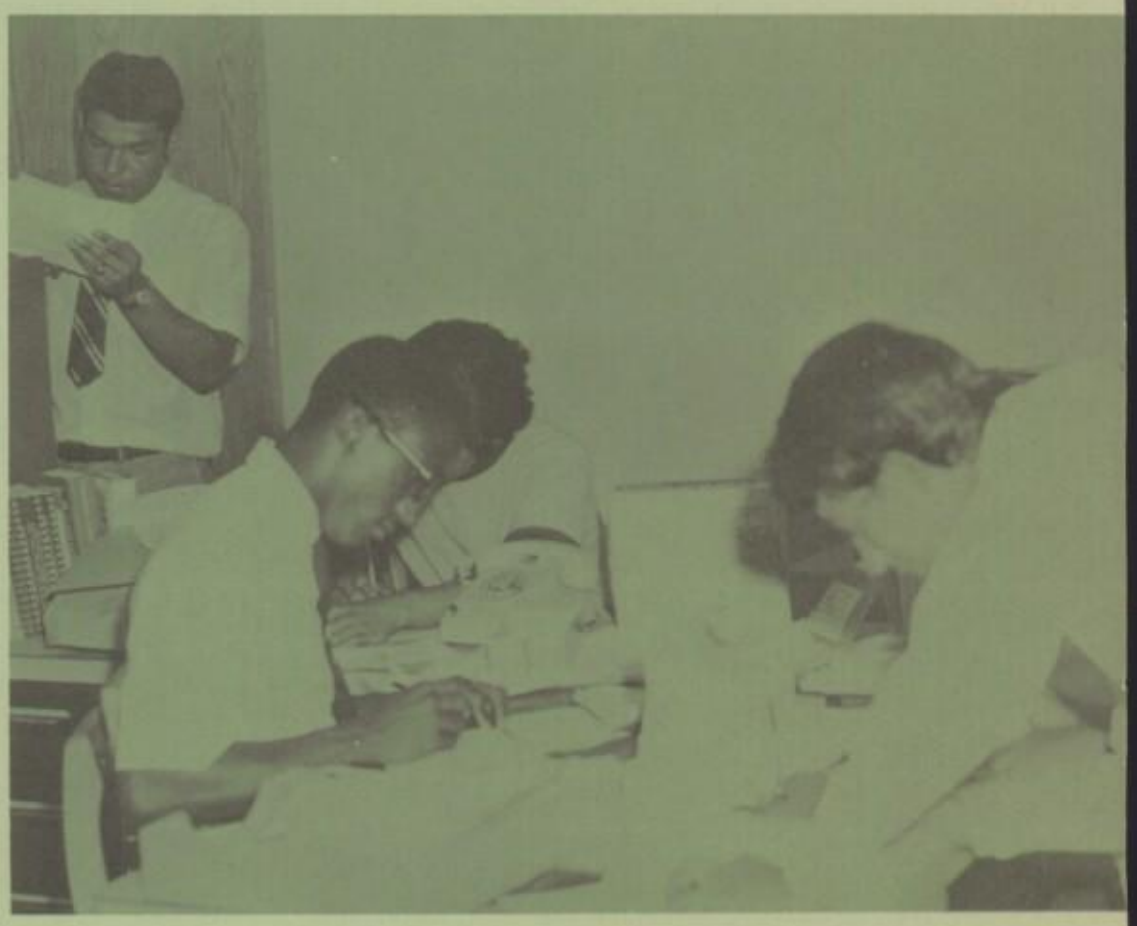
L.A. STATE

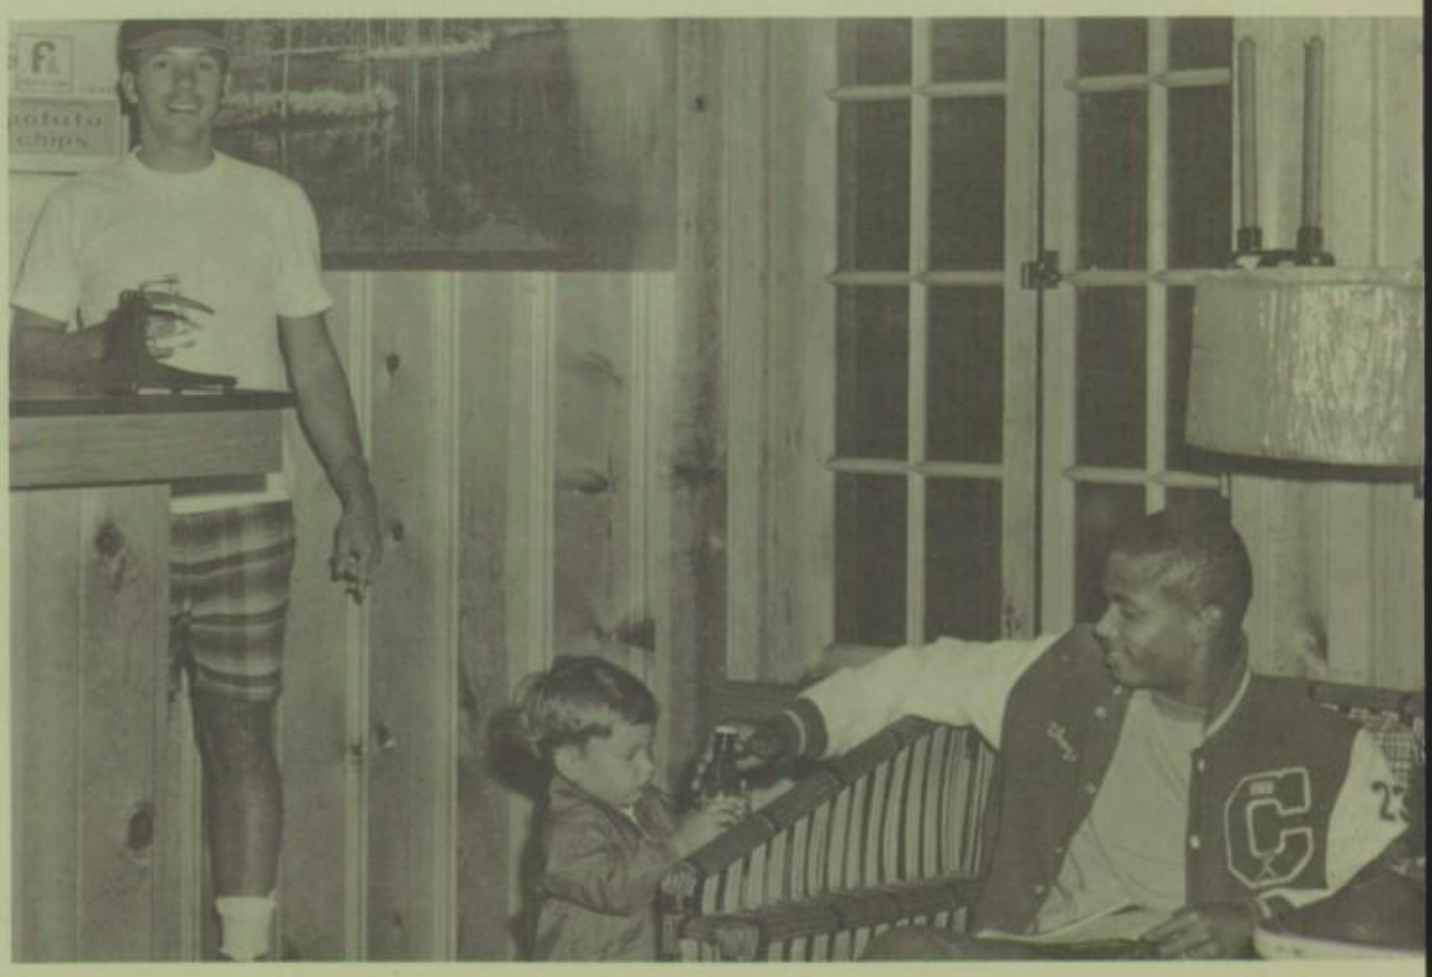


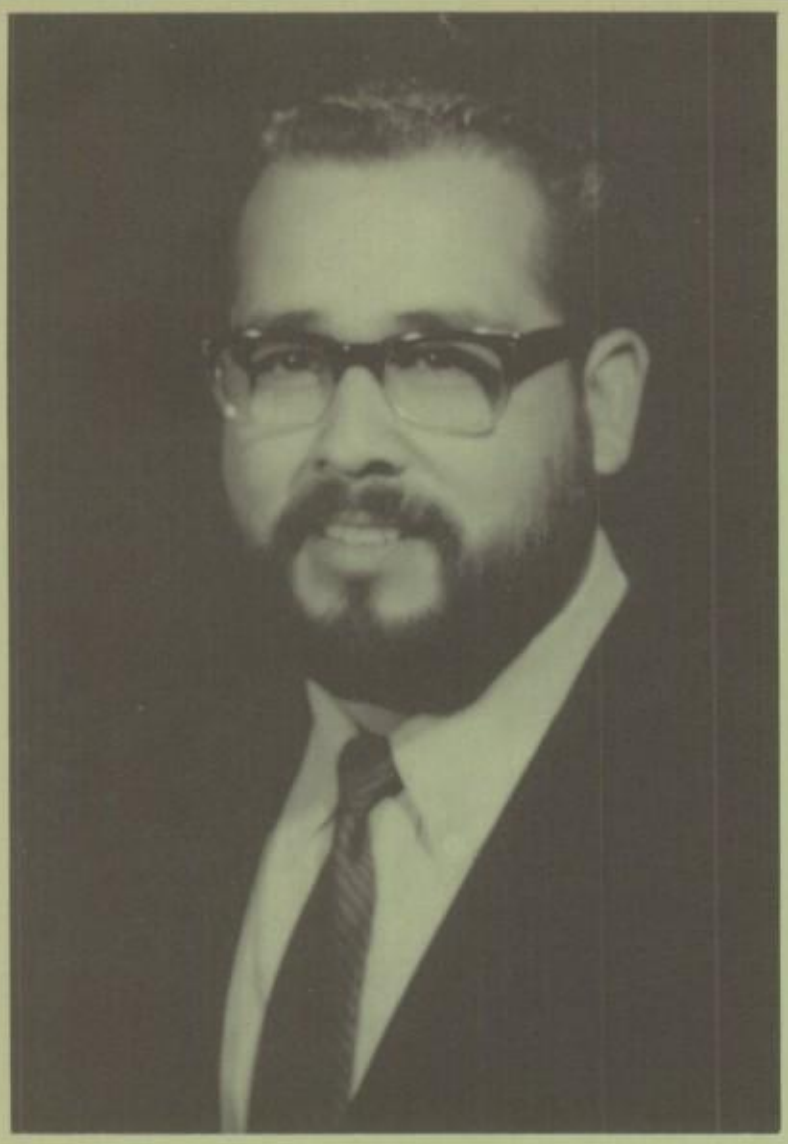
THE TIME HAS COME







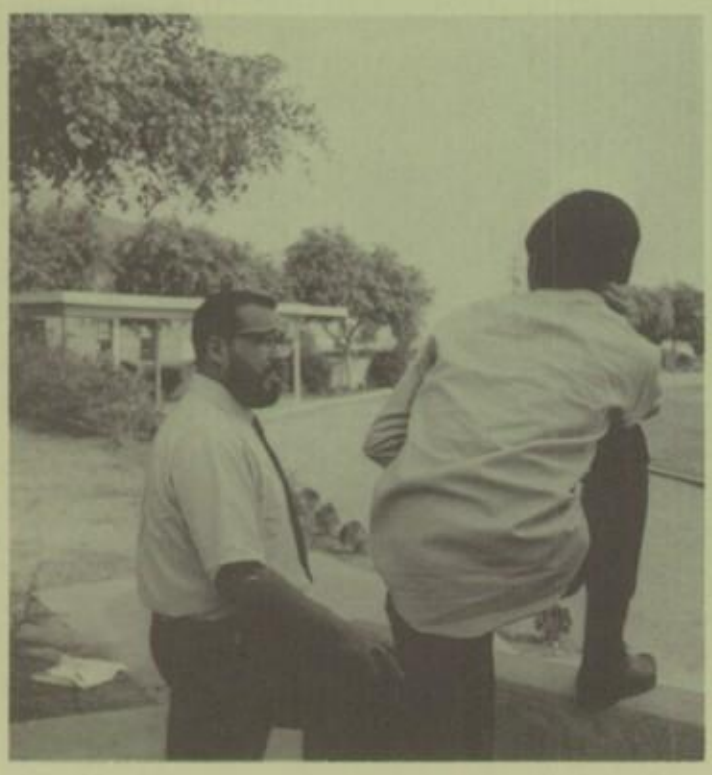




To These Whom

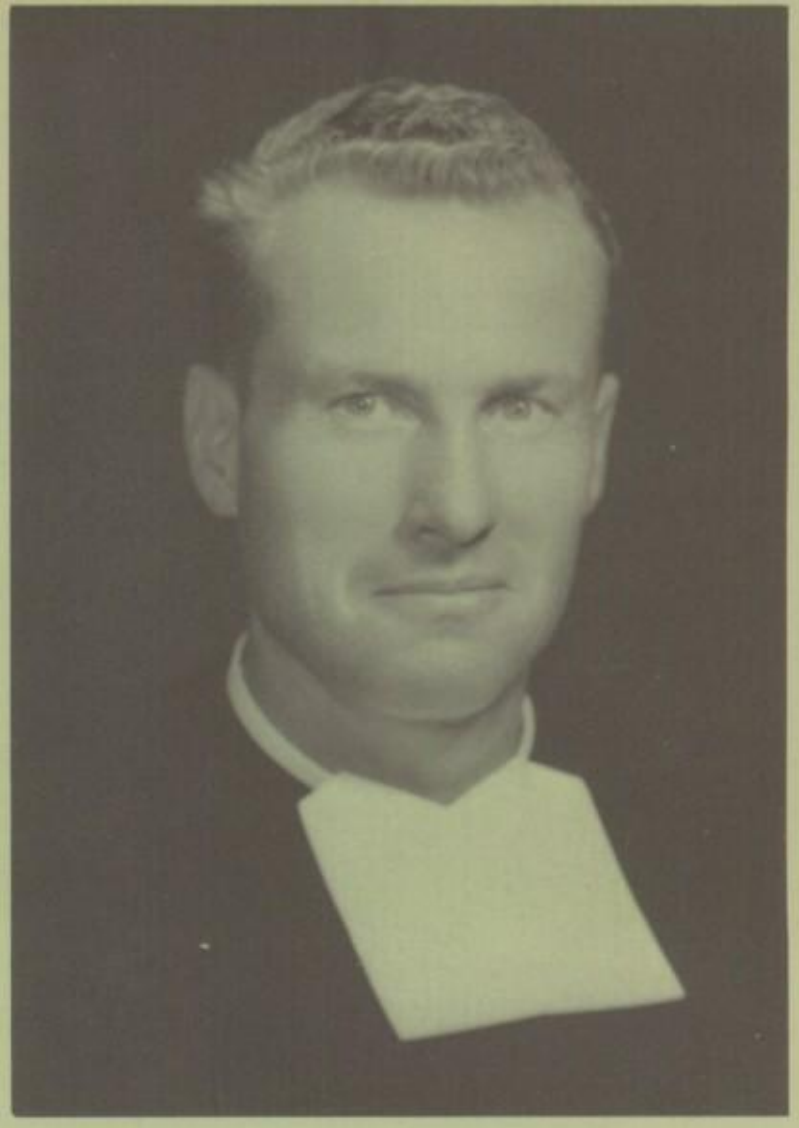
In keeping with the theme of renewal, we must remember Br. Gerald who has been an instrumental part of the rebirth of Cathedral High School. Over the past four years, Br. Gerald has attained the respect and friendship of each and every student of Cathedral High School. Through his endeavors with the Student Council, he has shown quite an interest in the Cathedral student. All summer long, Br. Gerald visited local colleges and spoke to prominent people who have experienced such problems as ours, and he devoted his whole summer vacation to searching for the answer.

We, the students of Cathedral High School appreciate all that Br. Gerald has done for the school and for the students, and in acknowledgement of this interest, we dedicate the nineteen sixty-nine yearbook to Br. Gerald.

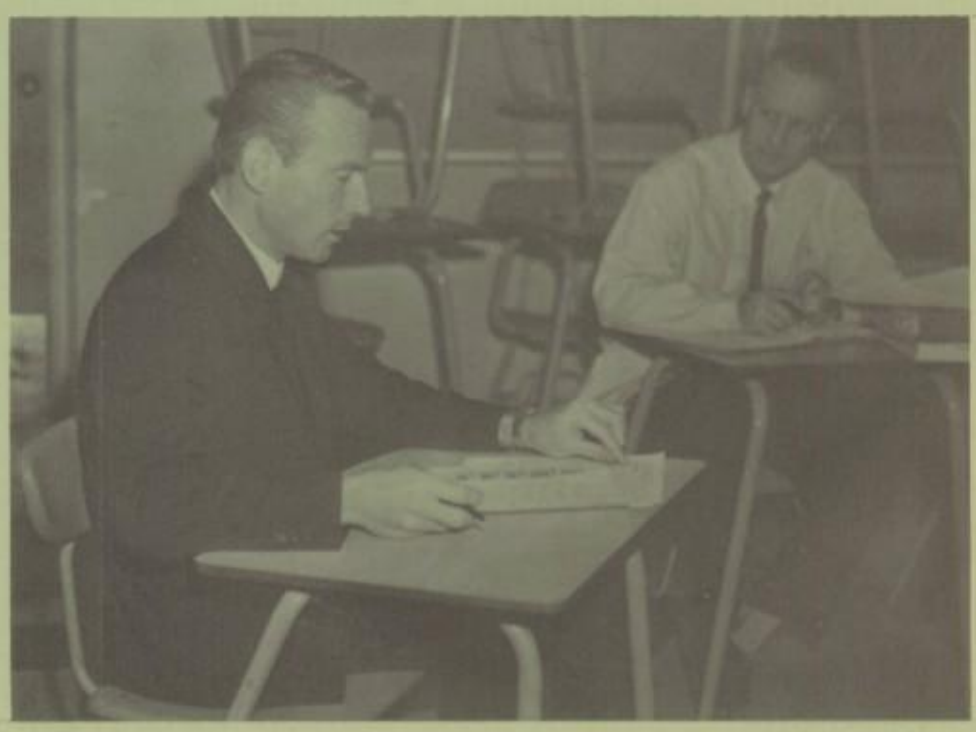


We Admire

We Dedicate . . .



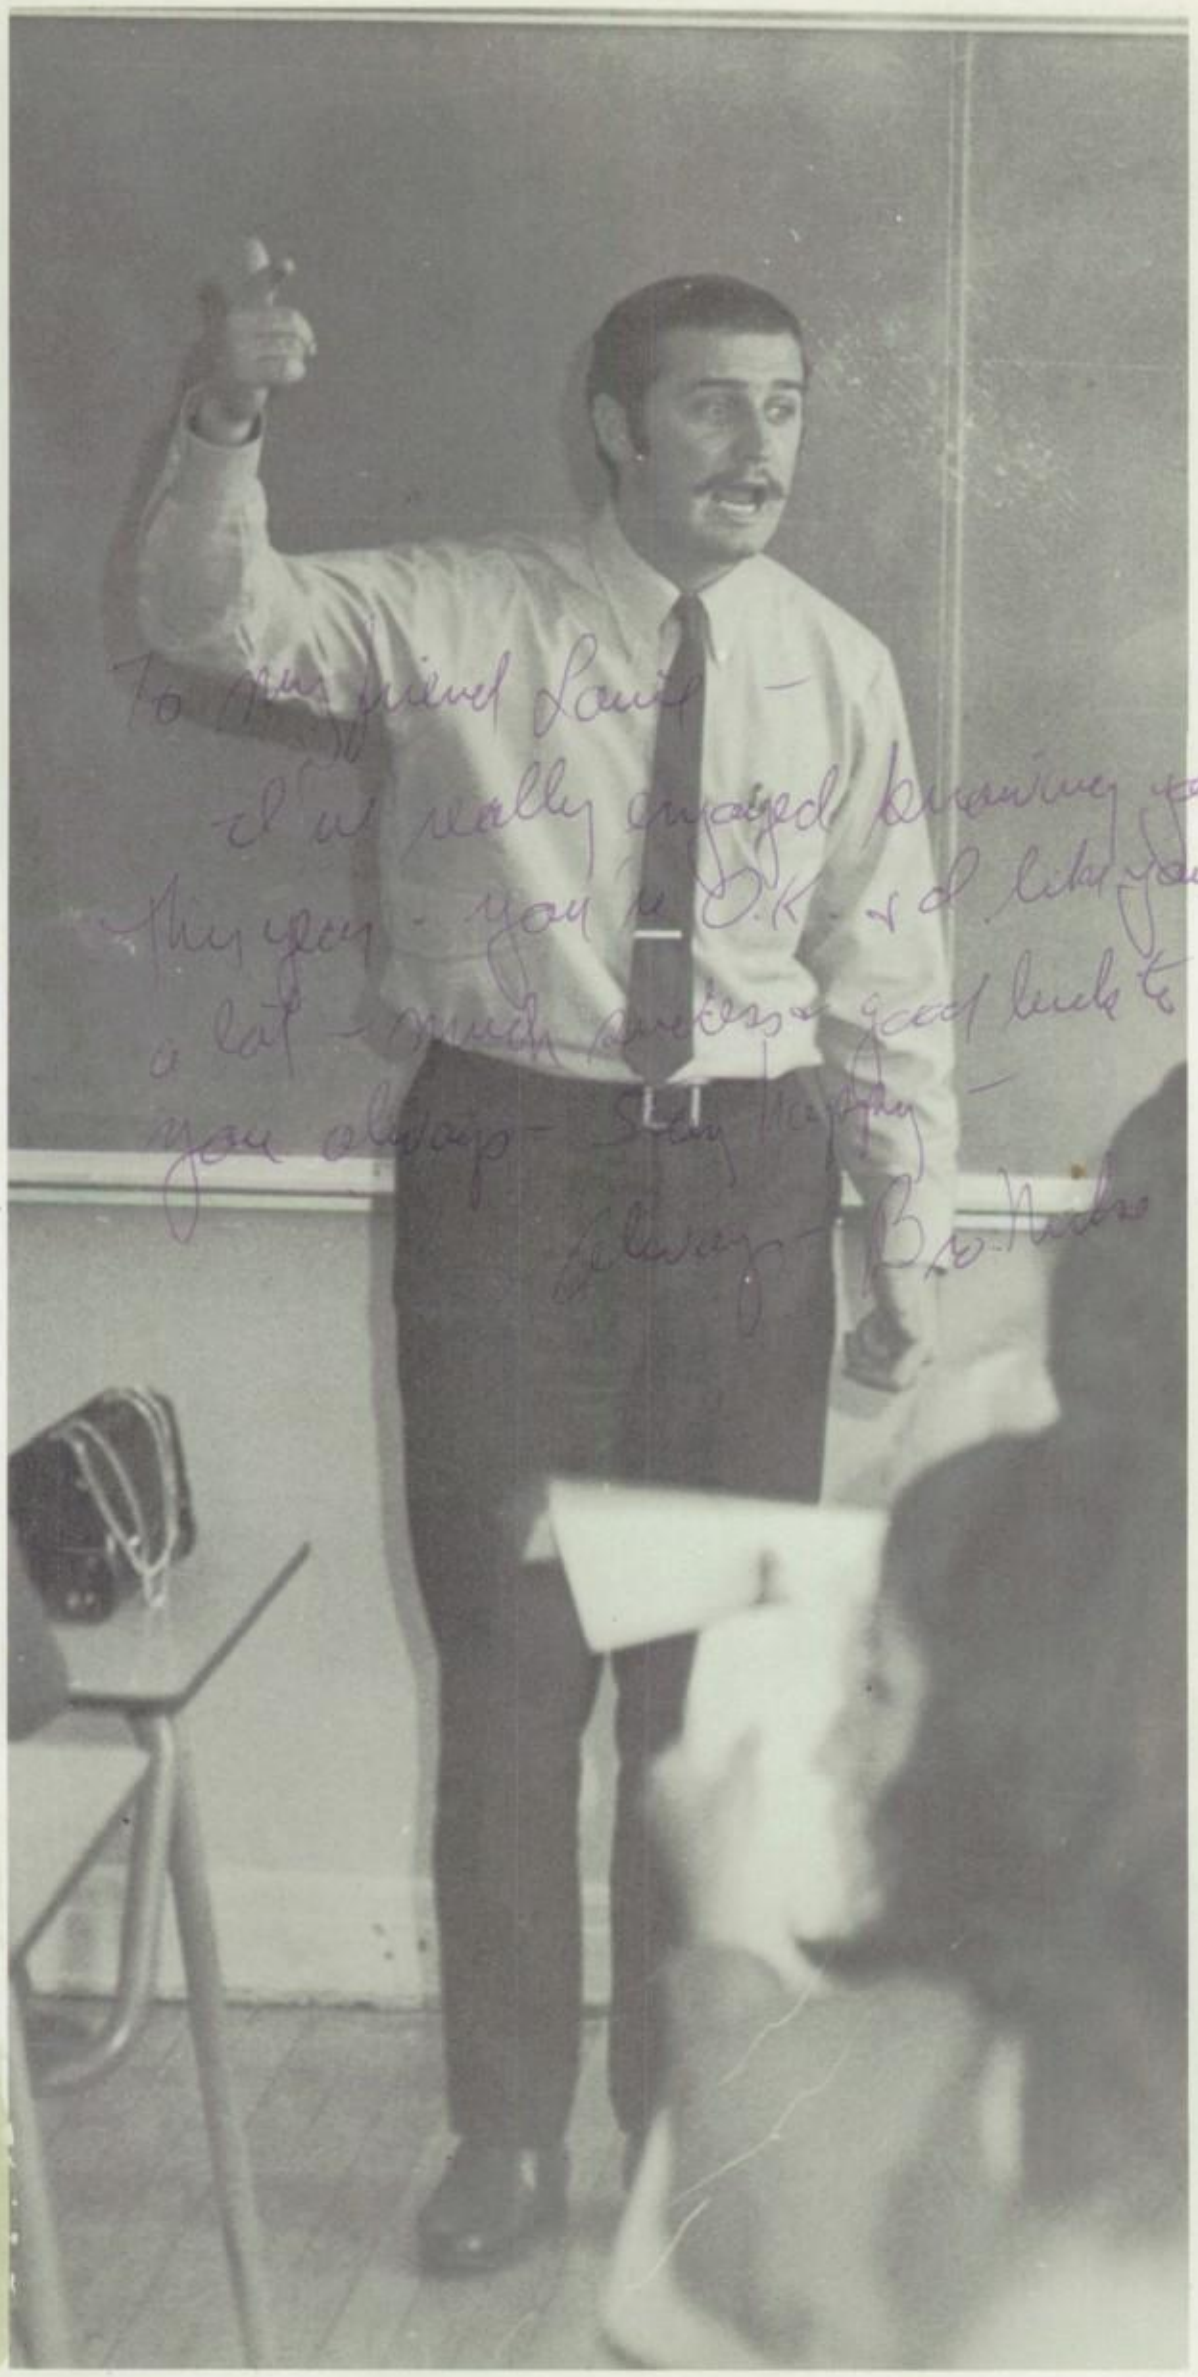
Br. Kilian has been a relentless man of action for Cathedral. Seeing that the spirit of Cathedral had been on a steady decline, he initiated changes in the school which would bring Cathedral back to the student. By changing classes to the block system and establishing a better counseling program, Br. Kilian has created a closer student-teacher relationship which is so vital in any educational program. Through his undying efforts, he has instilled in the student a sense of responsibility and has firmly re-implanted the lost seed of pride back into Cathedral. For this, we the students of Cathedral proudly and gratefully dedicate the nineteen sixty-nine Chimes yearbook to Brother Kilian.



FACULTY AND ADMINISTRATION

At one time in Cathedral's history, unrehearsed faculty pictures of this sort were, for all intent purposes, most unique to say the least. This, however, has become and is the "Cathedral Institution," and its occurrences are happening daily.

Our institutional change has been eminent for the past couple of years, and has finally made its way to a peak. This peak is ideally personified here. But let us not stop with the faculty, for there is undoubtedly a carry-over by the students themselves. We could even say that what has taken place this year has been a renewal—a renewal of past and present happenings in a different light. No one can deny that this renewal has made its way to the noticeable front.



To a friend Lou -
I've really enjoyed knowing you
this year - you're O.K. - & I like you
a lot - much success & good luck to
you always - Stay happy -
always - Bo Nadon

My dear Students:

To express encouragement to a magazine under the title of the "Chimes" stimulates in my mind memories of the past. When I was a student at Cathedral College in New York, the preparatory seminary, the magazine of the students was the "Chimes". In our graduation year, it epitomized the character of each of the graduates. I was roasted well, and I still retain the heat. Hence, my memory is revived.

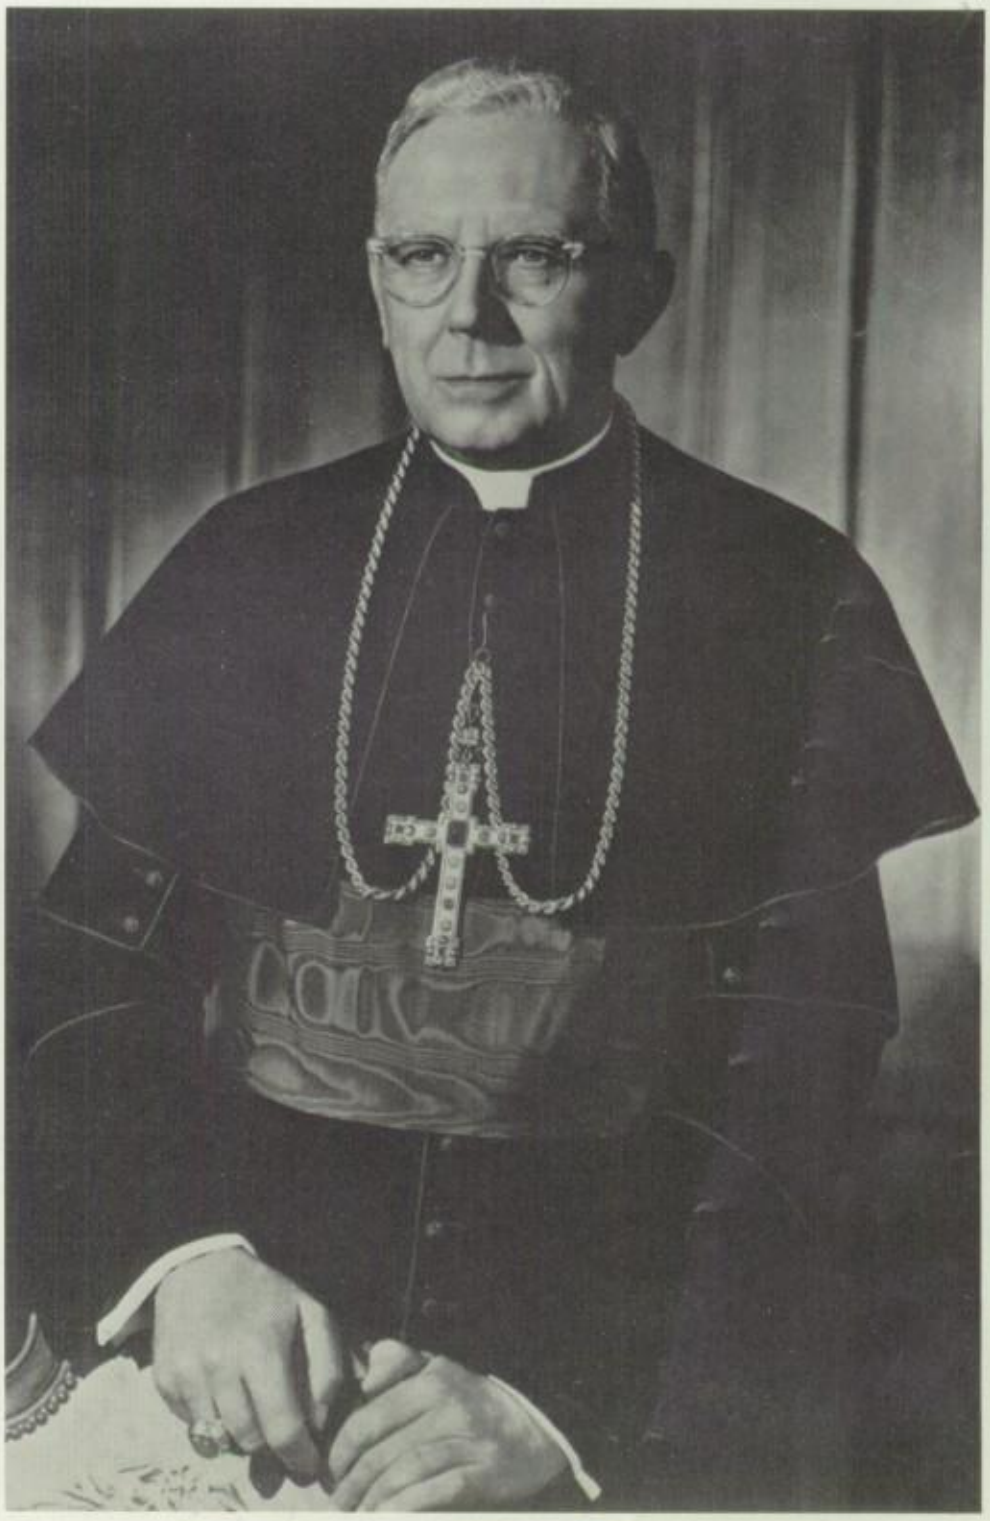
It is my hope and prayer that the students of the present day Cathedral High School may share and enjoy the blessings that have been most bountiful upon me in the intervening years. This will provide to the people they serve a channel of grace which will be most welcome.

We expecially appeal Our Lady, Queen of the Angels, to ever attend and strengthen your vocations and their prosecution in a most fruitful ministry.

With all blessings, and sincere best wishes, I am

Faithfully yours in Christ,

ARCHBISHOP
of
Los Angeles



James Francis Cardinal McIntyre

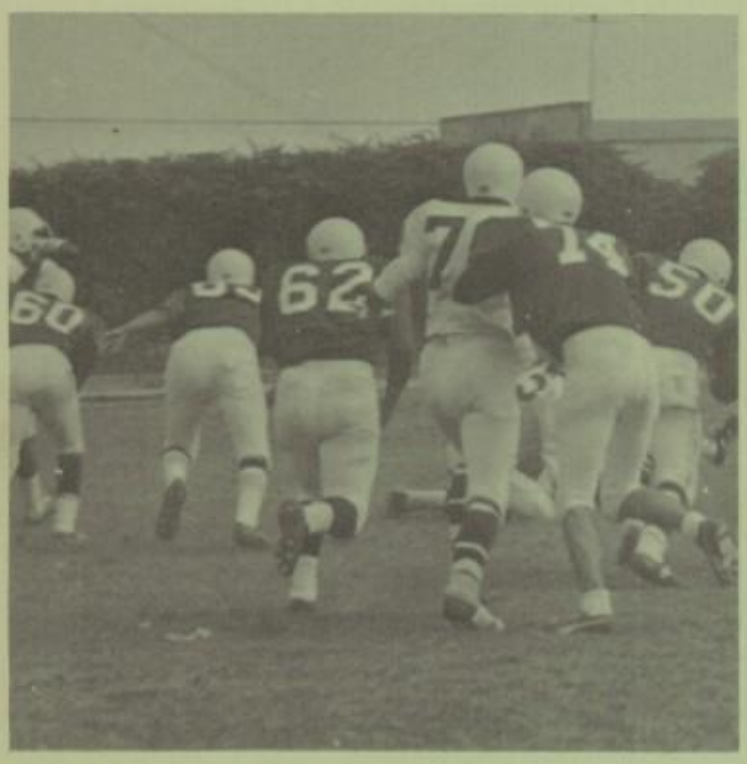
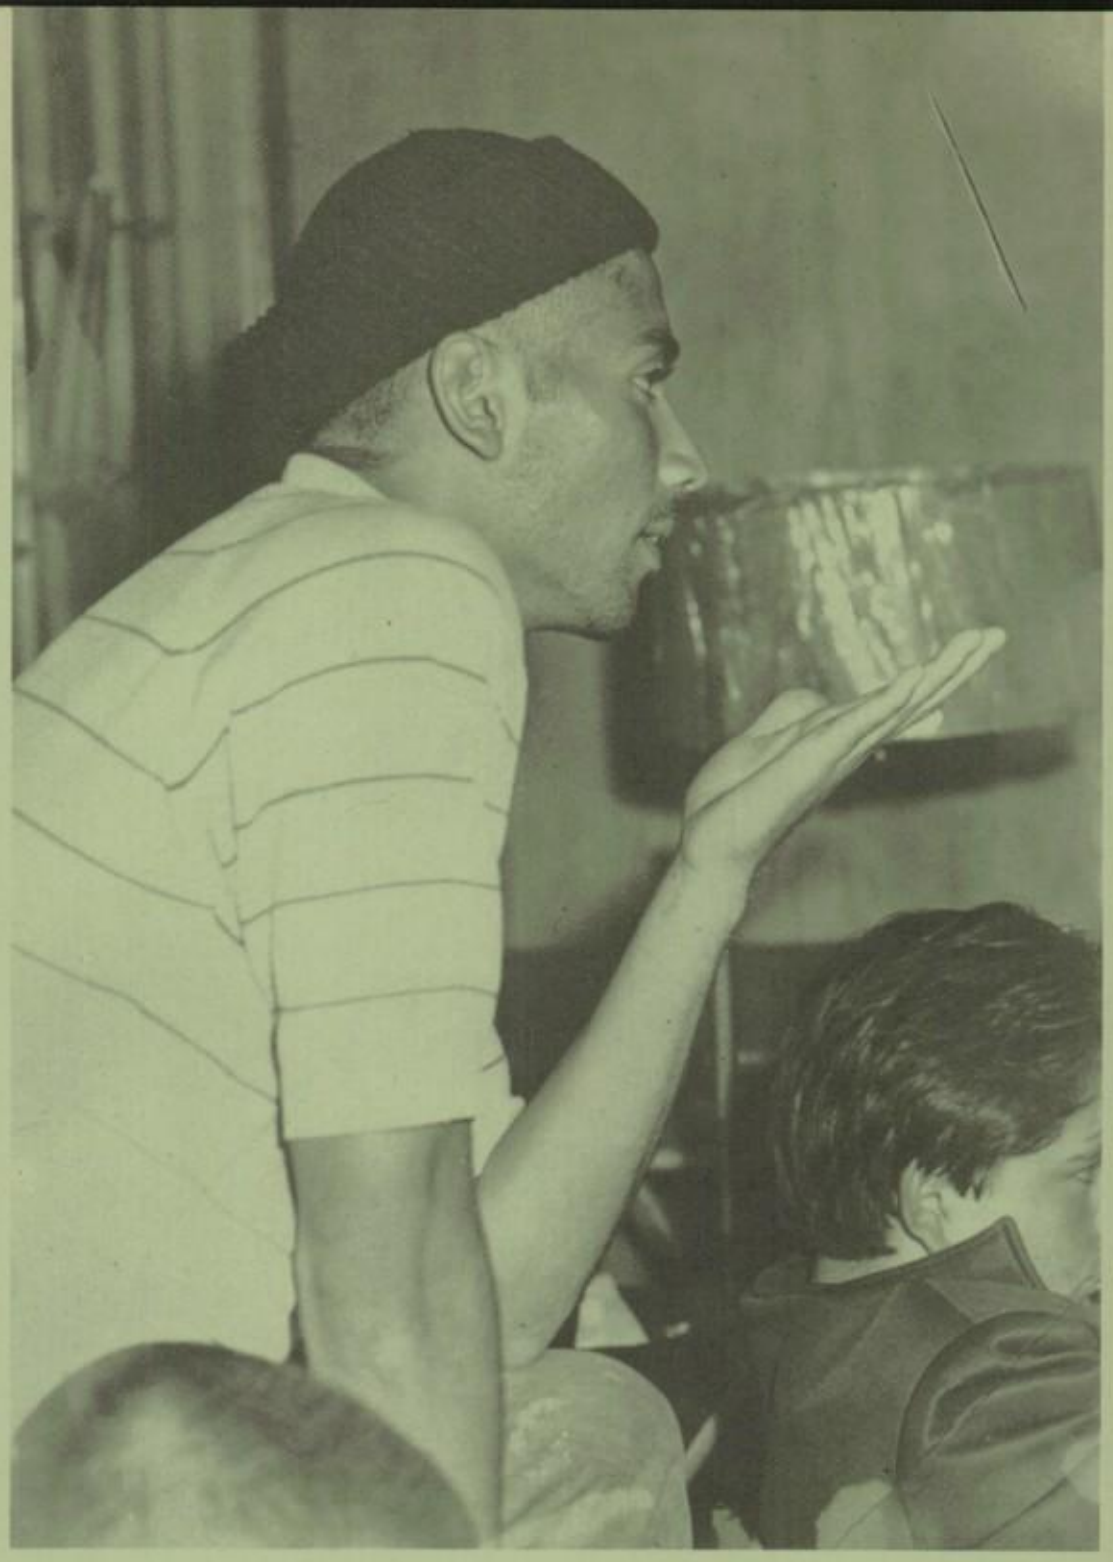
THE TIME HAS COME





Brother Kilian attending to one of his many administrative duties.

Br. Kilian is shown discussing up-coming events.

Dear Cathedralites:

The tradition of Cathedral has been one of a close family unity. I felt that this year of change and emphasis on updating the educative process, we had even a better understanding between student and teacher.

I feel that this has helped each of us to be known and respected. In this way we, both student and teacher, have educated one another by this mutual understanding and respect. Once that had been established the work of education began in earnest.

I commend the student body for its response to values that are part of the Christian message so that life will have meaning and where happiness will abcund.

Brother Kilian, F.S.C.
Principal

He continuously displays a warmth and friendship among students.

CLASSES

The society which makes up Cathedral this year is, without a doubt, the summation of all previous attempts at the desired accomplishment which exists now. This accomplishment which we now speak of is, of course, the unique unity and compatibility of the four classes here at Cathedral. Never in the history of the school has there been such a coalition that freshman have just as much to say as seniors and with just as much strength. Never have school groups functioned with such diversity and ease, and never has there been such a change-over of institutional methods. All this and much more is attributed solely to, shall we say, "the classes." It was the joint agreement of "the classes" to inaugurate such changes and have them passed. It may be sort of a cliche-type thing to say, but nothing deserves more of a salute than "the classes of 1969."

The theme of the Senior Class of 1969 is "Renaissance." Under the guidance of the class leaders the administration, the class introduced a change to Cathedral which revolutionized run-of-the-mill educational methods.

By establishing a more representative Student Council and by rewriting the constitution, the class has instilled pride and a will to participate in the entire student body. By finding a new confidence and trust in themselves, these students have been able to carry this Cathedral spirit back to their individual communities.

From this graduating body will emerge the highest number of students who will go on to college. This Senior Class will be awarded more scholarships than any other single Class in the history of Cathedral.

Truly, this class deserves to be remembered for its accomplishments and will be long referred to as an outstanding group of people. This class—the leaders of tomorrow—have finally reached the door of graduation; a door which will lead them into a future of continual success. Their memories will continue to linger over the halls of Cathedral High School.

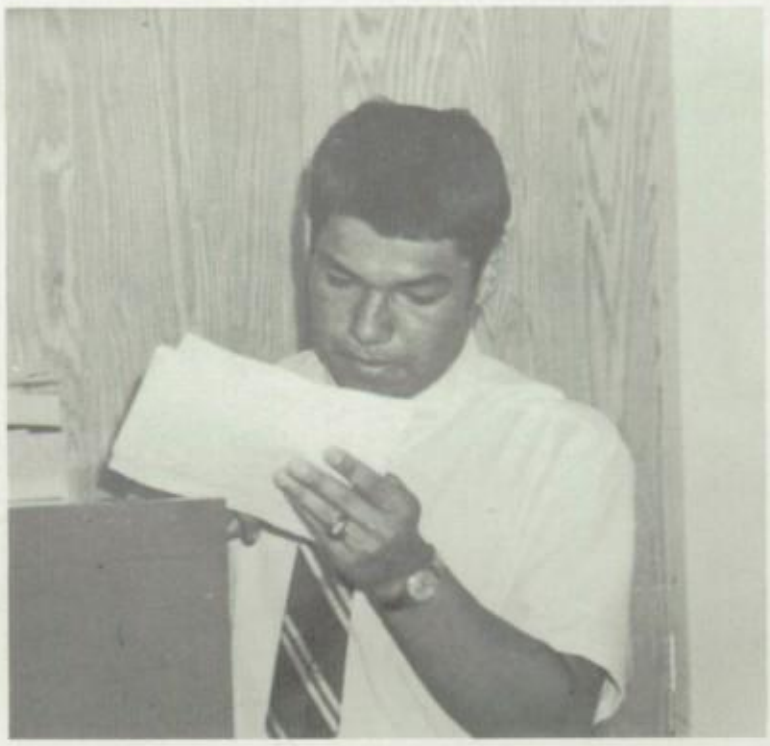
Edward Badon, Simon Flores, Ronald Solorzano, Mario Salazor, Greg Wells, Troy Lyons, Donald Figueroa.

OUTSTANDING SENIORS

Donald Figueroa has been a constant inspiration to both his classmates and to his friends. He has excelled both in the athletic world and also in the academic world. He is a two year Varsity letterman in Tennis; he even received Most Valuable Player award in his sophomore year for Tennis! He won the Optimist Speech Award and also the Brother Bertram Award announcing him as an Outstanding Junior. He has recently lettered in Varsity Tennis while at the same time achieving an academic status of 3.87 GPA while also being the Yearbook Editor. It is truly in the view of Don's many accomplishments and ultimate endeavors that we recognize him as an Outstanding Senior of the 1969 School Year!



Ron Solorzano has completely devoted himself to the leadership and continuance of spirit here at Cathedral High. He has excelled in sports being a three year Varsity letterman in football, while he has also played Varsity Soccer for the first time this year, earning the recognition of an outstanding player from his team mates. But most of all, Ron has been active in student government his entire four years, completing his devotion to Cathedral as Student Body President. In his last year, Ron has exhibited great pride in his school, deserving the recognition as being a true Outstanding Senior of 1969.

Edward Badon has been

We therefore recognize
Senior.

The leadership of the athletic world has been aptly placed in the hands of Gregory Wells. Being a three year Varsity letterman in both Football and Track and Block Cee President, Greg has led the Block Cee on to great achievements for the betterment of his school. He has excelled in sports with such titles behind him as "All Catholic Track and Football" in his junior year, along with "All Del Rey Track and Football" again in his senior year. He has been active in student government, representing his fellow students in the council in his sophomore year as Sergeant-at-Arms and in his junior year as Recording Secretary. Greg truly deserves to be recognized as an outstanding senior and his school could never be more proud of him!

Simon Flores has been extremely responsible for much of the upswing in spirit here at Cathedral. Being very active in student government as Frosh Class President, Corresponding Secretary, Senior Class Chairman, and Disciplinary Board member, Simon couldn't possibly help from letting his spirit rub off on to his classmates and friends. He was elected Senior Class Chairman in a completely unanimous vote, exhibiting the pride and confidence his classmates had for him. Not only has he expertly excelled in school devotion, but he has also taken time out from a very strenuous academic/work schedule to participate in Track and Football. In the eyes of all involved, Simon Flores is completely deserving of the title "Outstanding Senior of the Year."

Mario Salazar has become a unique Senior this year in his endeavors with the Circle Cee. As President, he has led this organization to a position of respect and admiration. He is currently on the Disciplinary Board where it is his duty to evoke school reverence and pride. He must be able to bring about to all the feeling of true devotion on the part of the Student Body towards their school. It is for these reasons that Mario has challenged the spirit at Cathedral High, earning himself a place among the Outstanding Seniors.

Troy Lyons has truly been an asset to the rise of spirit and school pride here at Cathedral. He has exhibited his pride in Cathedral and determination for his school to be on top in his many athletic endeavors. He placed third in the C.I.F. finals as a long jumper with a record of twenty-two feet! He is a two year varsity letterman in football. He has been active in school government in his four years at Cathedral High and is a Senior Class Representative in the Student Council this year. Because of his many achievements and contributions to Cathedral High, he is the typification of "Cathedral Spirit."

The Class of 1970 . . . .

The Junior class of 1970 has proven without a doubt that they will be able to carry on the newly found tradition of Cathedral High School. Among their accomplishments, the juniors led the school in the ticket drive. As Sophomores they were the only class in the school to have all five registry classes reach 100% in the ticket drive.

In athletics they have their share of stars in all sports. The class contributed a great deal in bringing Cathedral another league championship in cross country.

But most important the class of '70 has given Cathedral themselves and their spirit to make Cathedral "NUMBER ONE," as it was in the past.

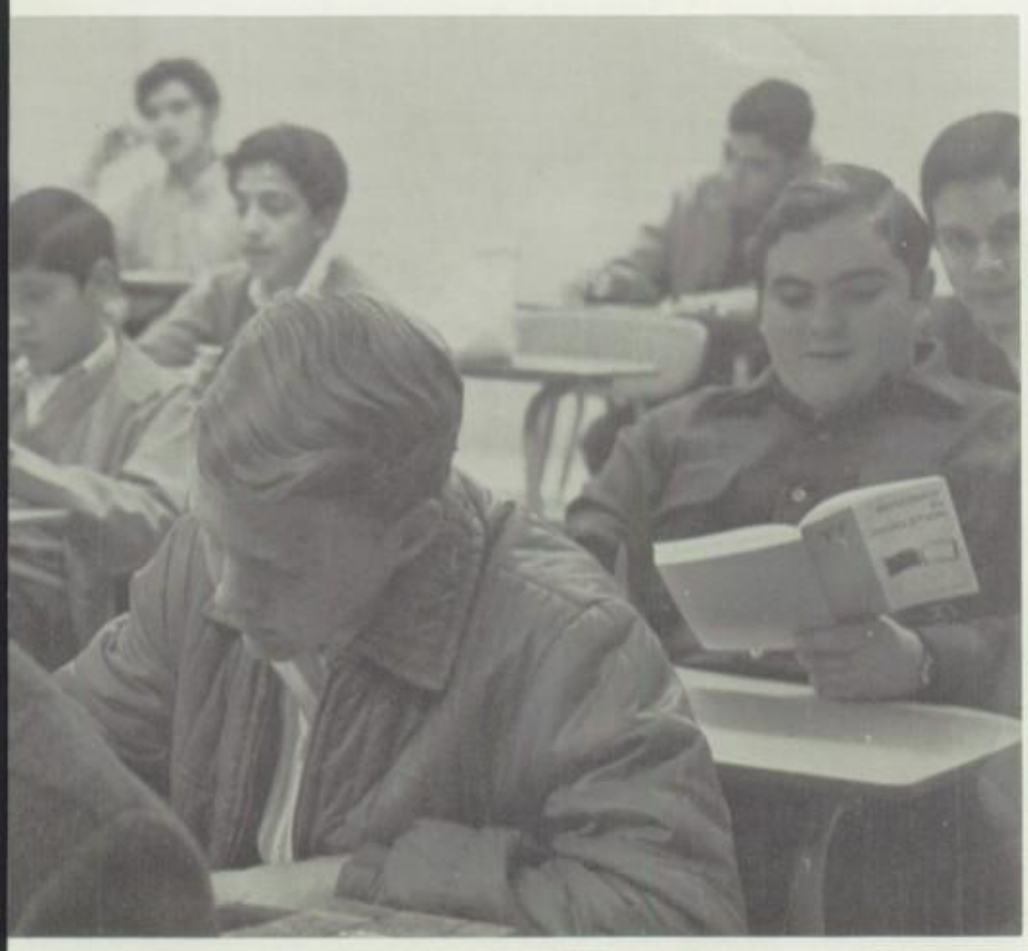
SOPHOMORE REGISTRY 304



Progress for the betterment of the mind is an ever constant and necessary classroom occurrence.

Sophomore Registry Class 304 has been an active member of the Sophomore Class, constantly contributing to the building of the Cathedral community.

The Class was the second highest Sophomore Class in the annual Athletic Drive and also contributed to other school fund raising activities.

Among this class are members of the football, basketball and baseball teams as well as the champion cross country team.

Several members of this class participated in such school clubs and organizations as the B.S.U., U.M.A.S., Marian Society, Block C, Dance Committee, and Rally Committee.

Class 304

Before entering class, sophomores discuss the up coming events of the weekend.

SOPHOMORE REGISTRY 102

Our registry class, room 102 of the Sophomores is one of the most active classes in the area of school sports and activities. We had representatives on the Varsity Football team, S. Mungia, A. Washington, and on the J.V. Football squad, J. Ureno, P. Hernandez, I. Tillmann, E. Martinez. Also on the J.V. Soccer team we had J. Armendariz (captain), L. Castillo, E. Delgado and others representing this registry class. Besides sports, our class had many active people in the B.S.U., U.M.A.S., Student Council and other organizations which just goes to show you what a good cooperative class, united through their school pride, can do!

Class 102

Forrest.

SOPHOMORE REGISTRY 301

Br. Christopher's registry class, represented by Tony Taylor and Andy Torres, has been proven to be one of the most enthusiastic classes in the school. They have produced many fine athletes in football including both Varsity and Junior Varsity. 95% of the whole class experienced the true life experience during the school's first Sophomore Retreat. In academics, they also had eight members of the class on the Honor Roll. They were one of the first classes to reach 100% in the Sophomore project. They have accomplished many goals; but this is only the beginning for this class. They will continue in this fine spirit--the true spirit of Cathedral.

Class 301

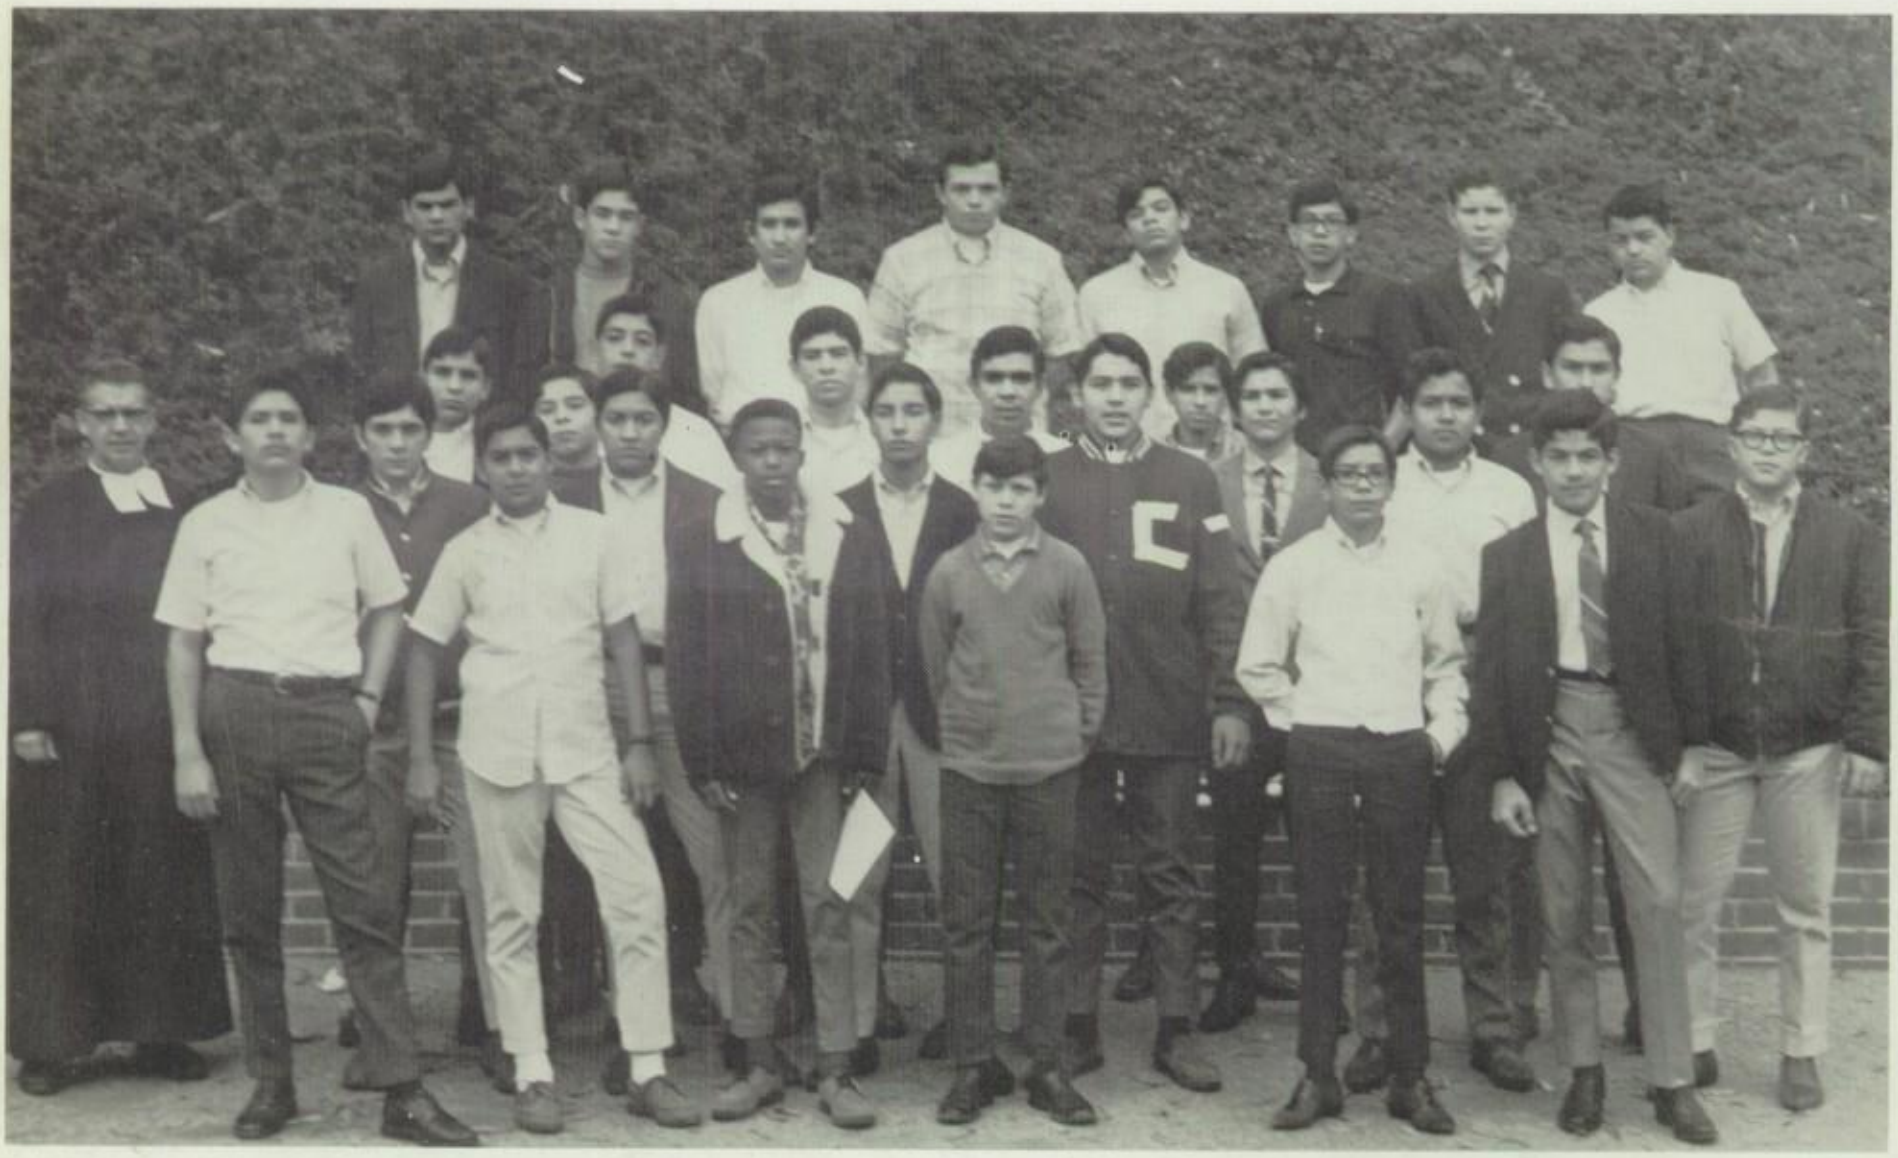
Sophomore, Tony Taylor and junior Steve Buckner reminisce with old alumni during school fiesta.

SOPHOMORE REGISTRY 601

Brother Leonard reflects thoughtfully to himself, while his class is occupied with another task at hand.

The registry class of Br. Leonard, Room 601, is a prototype of the everlasting spirit of Cathedral Students. Represented by Angel Ruedaflores in student government, the class excels in active student participation. Armando Barragan and James Garrido lead the class in sports while Rosendo Macias lead the class in academics with an A Honor Roll rating during the six-weeks. Whether in the "Toys for Tots" drive or in the Athletic Drive, the class constantly tries to give an all out effort towards any school activity. This class of individuals shows exactly how initiative and determination can lend to create a great class.

Class 601



BOTTOM ROW (L-R): H. Sandoval, A. Navarro, R. Chapman, H. Gonzales, L. Sambrano, R. Macias, R. Tuttle. SECOND ROW: A. Ruedaflores, B. Devito, H. Gomez, G. Godina, M. Jimenez. THIRD ROW: Brother Leonard, R. Urrutia, N. Ferandino, J. Rodriguez, D. Perez, G. Duran. FOURTH ROW: M. Barragan, M. Tiscareno, F. Centeno. TOP ROW: F. Cordova, J. Garrido, C. Avalos, R. Milone, F. Aleman, E. Preciado, I. Patowski, M. Jojola.

BOTTOM ROW (L-R): J. Guzman, R. Robles, J. Quinonez, P. Amaya, M. Valenzuela, E. Rosales, H. Lemus. SECOND ROW: M. Avila, S. Rodriguez, R. Estrella, G. Romero, R. Bicad, J. Palacios, M. Munoz, H. Diaz. THIRD ROW: B. Gomez, M. Munoz, J. Dominguez, K. Hawkins, C. Campa, M. Duarte, A. Romero. FOURTH ROW: M. Alcala, P. Reza, M. Vega, D. Delgado. TOP ROW: R. Saragoza, E. Gonzalez, S. Castillo, S. Mendoza, A. Baltazar, P. Aguilar, S. Stelly. Missing is Moderator Mr. Ron DeNino.

SOPHOMORE REGISTRY 103

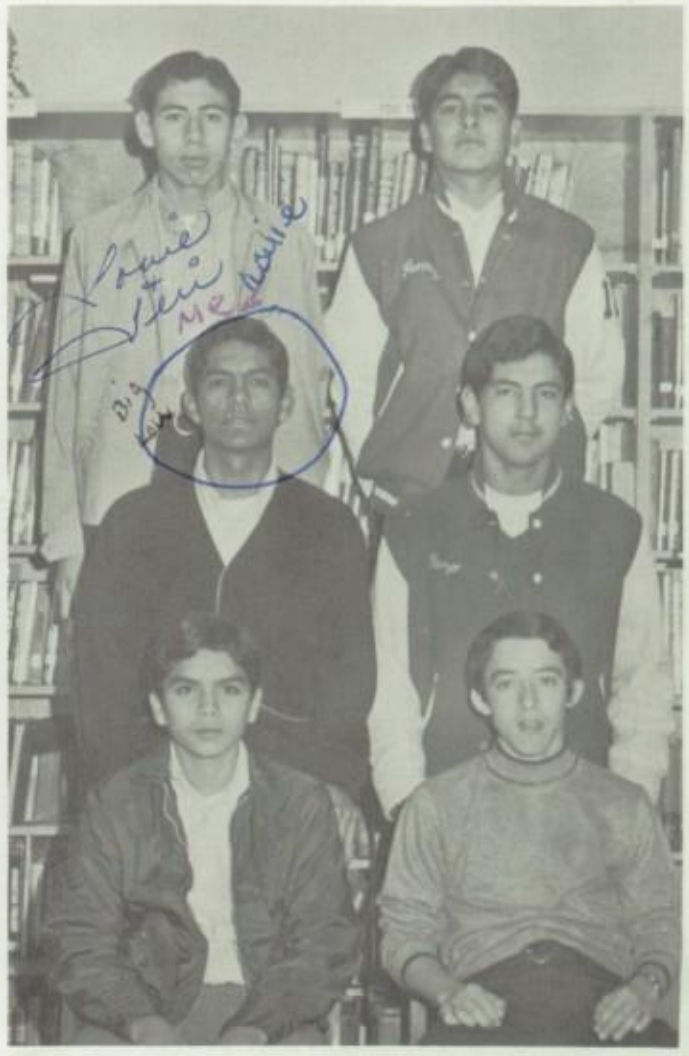
Mr. DeNino's registry class, room 103, is really going places. Those in this class are truly a part of Cathedral. They show their school pride and spirit in their participation in sports—football, basketball, cross-country, and soccer—and in their interest in school matters with Mario Avila in the Sophomore Council as the class representative. They showed strong leadership in the Athletic Drive to bring up the Sophomore average, and they were very generous in raising money and toys for the Marian Society projects.

Class 103

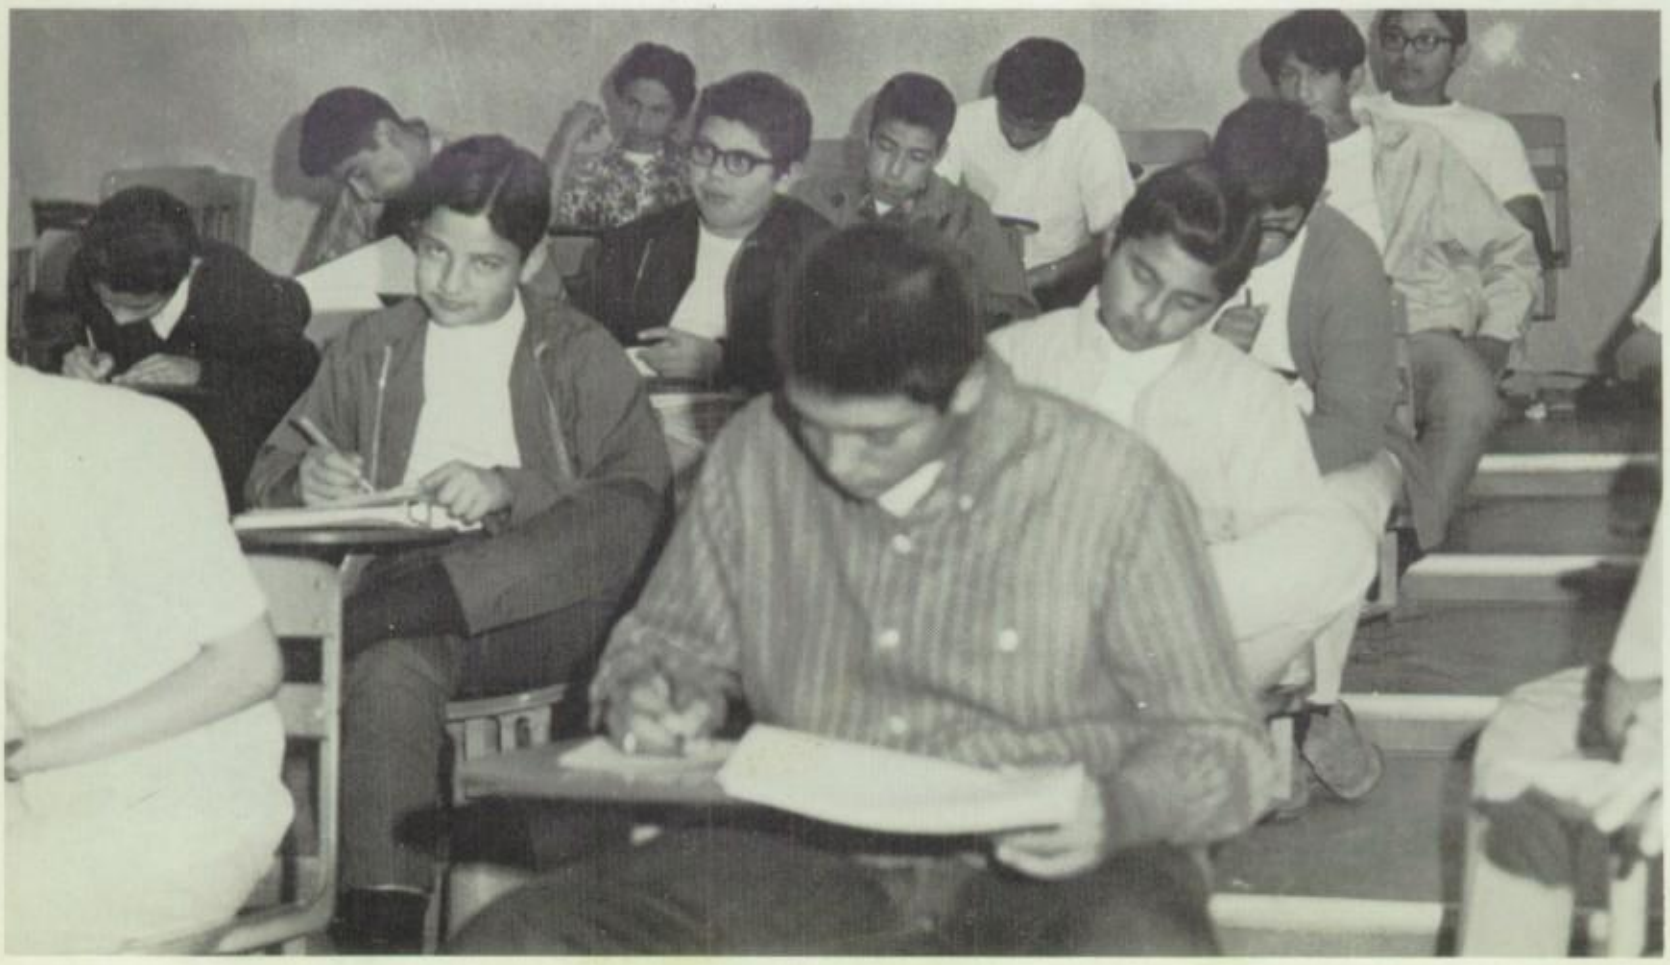
Preparing for an examination, members of Mr. DeNino's registry class study diligently.

FRESHMEN COUNCIL: LEARNING TODAY, LEADING TOMORROW

BOTTOM ROW: Alfonso Amaya, Juan Zuniga, SECOND ROW: Louis Cordova, Art Romo, TOP ROW: Anthony Adame, Henry Longoria.



Freshmen get into the spirit at a rabble-rousing Cathedral football rally.



Involved in an extensive examination, freshmen pause momentarily at the distraction of the camera.

BOTTOM ROW (L-R): D. Sanchez, J. Cuellar, A. Berumen, E. Olmeda, R. Garcia. SECOND ROW: L. Flores, E. Mazadiego, J. Campagna, H. Espinoza, J. Quila, V. Verhaegen, Mr. Gladden. THIRD ROW: J. Bonilla, J. Giles, A. A. Meza, T. Fernandez, R. Villaesusa, A. Guillen, J. Gomez, J. Merino, J. Gonzales, E. Taylor. TOP ROW: A. Sahagun, G. Benitez, R. Sanchez, J. Huerta, J. Blando, R. Luna, G. Vasquez, G. Mora, R. Ayala.

Freshmen put their heads together in an attempt to organize a worthwhile class project.

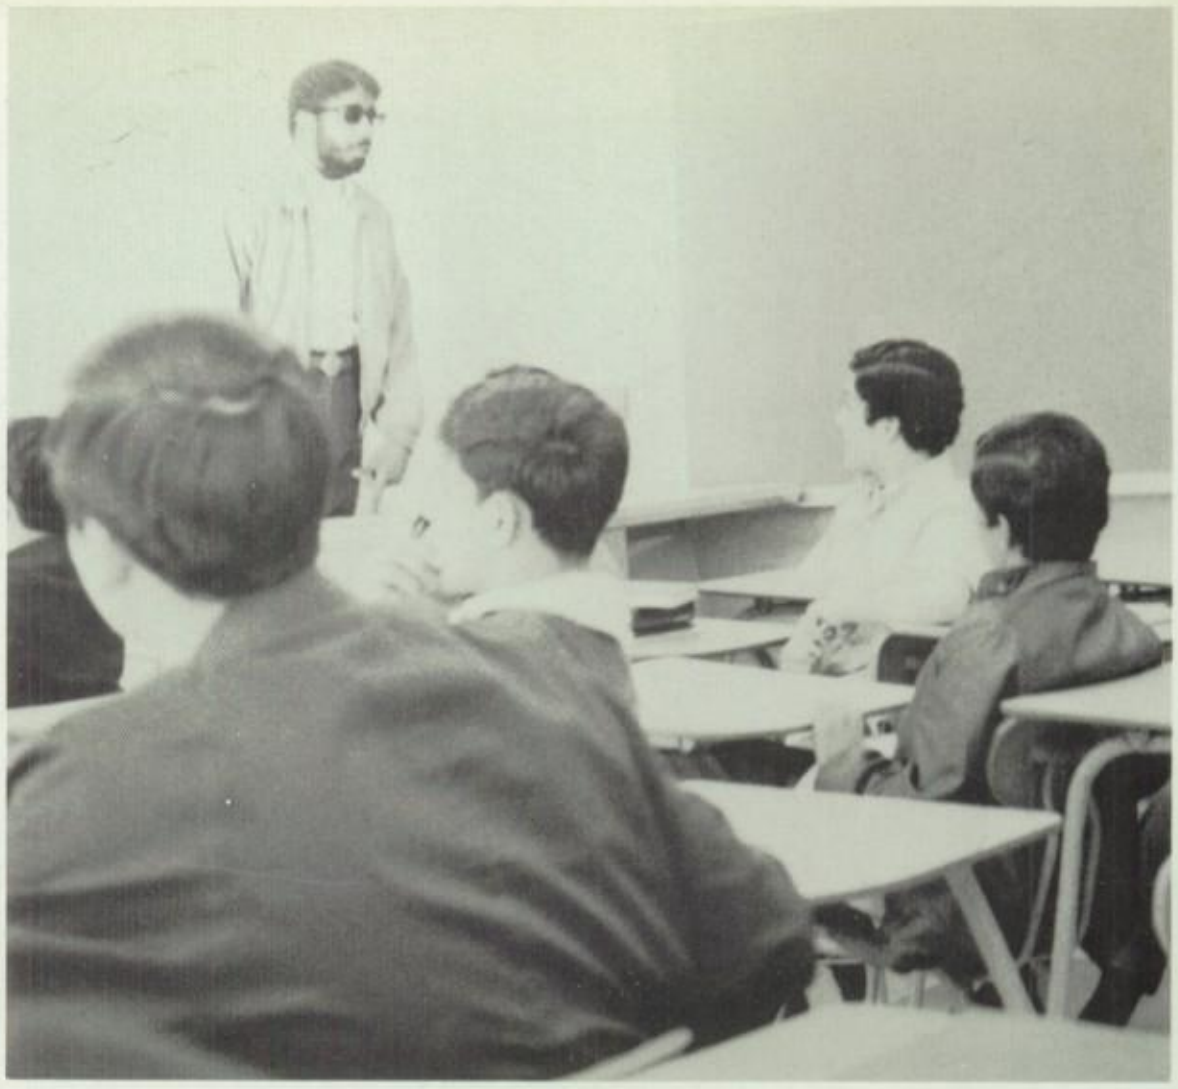
FRESHMEN REGISTRY 401

Mr. Gladden's registry class, room 401, is interesting and fun most of the time. We are always discussing situations or experiences which have occurred lately and which seem to pose problems to us. When there is work to be done, we concentrate all our efforts into it and never give up until the work has been finished. Mr. Gladden is the best teacher because he acts more like a moderator and lets us react rather than telling us what to do; only with a groovy teacher can you have a groovy class.

Class 401

FRESHMEN REGISTRY 403

Mr. Taylor's registry class, room 403, exhibits in an atmosphere of mutual respect and friendship. The spirit of this class becomes evident when you realize that everyone takes an active part in some type of extra-curricular activity or another. A union of all present in the class confronts you as you enter the class; a union formed on the basis of pride, the same pride which is so much a part of Cathedral High School. Here in our class, the walls enclosing us, enclose a world of sports, clubs, music, etc., and therefore we can truly say that classroom 403 is an involved part of Cathedral High School.



Mr. Taylor informs his registry class of the BSU's plan to give underprivileged children a Christmas Party.

Class 403

BOTTOM ROW (L-R): J. Vindiola, S. Bartholomew, G. Enriquez, G. Martinez, R. Ibaven, E. Hernandez, M. Romero, M. Rodriquez, R. Matamoros, D. Apodaca, R. Escamilla. SECOND ROW: R. Vasquez, G. Lemus, G. Salazar, L. Ponce, D. Munoz, N. Gonzalez, J. Villagran, C. Aikens, C. Saldana, W. Lee, M. Macias, A Castro. TOP ROW: Mr. Taylor, R. Gomez, H. Ramos, F. Barragan, M. Andara, F. Barocio, R. Galaz, F. Villegas, T. Hidalgo.

BOTTOM ROW (L-R): Mr. Philip Ferguson, A. Landeros, S. Manriquez, J. Olague, A. Gonzales, R. Berru, J. Wong. SECOND ROW: P. Vargas, R. Madera, A. Hinojos, S. Alvidres, R. Manalo, O. Miranda. Quintero, W. Meger. TOP ROW: R. Araiza, R. Garrido, J. Avila, B. Bertrand, J. Marquez, H. Garcia.

Freshmen students stand around discussing the day's schedule.

FRESHMEN REGISTRY 302

In Mr. Ferguson's registry class, room 302, more than three-fourths of the class have participated in school sports and activities. Half of the class went out for football while the rest of the class were out for cross-country. We have many representatives from our class in the Marian Society and during their recent canned food drive our class brought in a substantial amount of food. All in all, Mr. Ferguson's registry class is an active part in Cathedral.

Class 302

BOTTOM ROW (L-R): L. Araujo, S. Samano, M. Cubillos, P. Yanovitch, J. Montes, T. Garcia, A. Haro, L. Vela. SECOND ROW: Mr. P. Leahey, H. Longoria, H. Flores, P. Garcia, L. Talamantes, B. Shimizu, D. Sanchez, E. Amador, D. Cordova. THIRD ROW: S. Peralta, D. Gonzales, C. Guangorena, J. Chavez, M. Rodriquez, S. Soto, P. Montoya, J. Balderson. TOP ROW: E. Williams, E. Rodriguez, T. Salinas, B. Carrillo, H. Saavedra, J. Lopez, A. Amaya, C. Bray, A. Palomino, F. Auguste.

Student unity has seemed to highlight this academic year, as shown in this picture, where students willingly help each other.

FRESHMEN REGISTRY 605

Mr. Leahey's registry class, homeroom #605, is composed of many involved Freshman students. This class is led by such students as Henry Longoria, Art Romo, and Tino Salinos who have proved to be an asset to the Frosh Football team. Although they might not come on top all the time, they take pride in everything they do here at school. Cathedral is their school.

Class 605

FRESHMEN REGISTRY 101

The concerns of the homerooms run the gamut from business to studies. Here, the latter is depicted.

Mr. Sunada's registry class, room 101, was very successful in the Athletic Drive in the fact that they came in first place out of the Freshman Class. During the registry period itself, Mr. Sunada's class participates very enthusiastically in the pressing probelms here at Cathedral High School.

Class 101

BOTTOM ROW (L-R): F. Amaya, C. Oliva, A. Corona, G. Chacon, R. Estrada, R. Godinez, D. Wong. SECOND ROW: A. Ponce, P. Okita, M. Montez, E. Armendariz, M. Contreras, M. Rueda, M. Sandoval. CLUBS, ORGANIZATIO

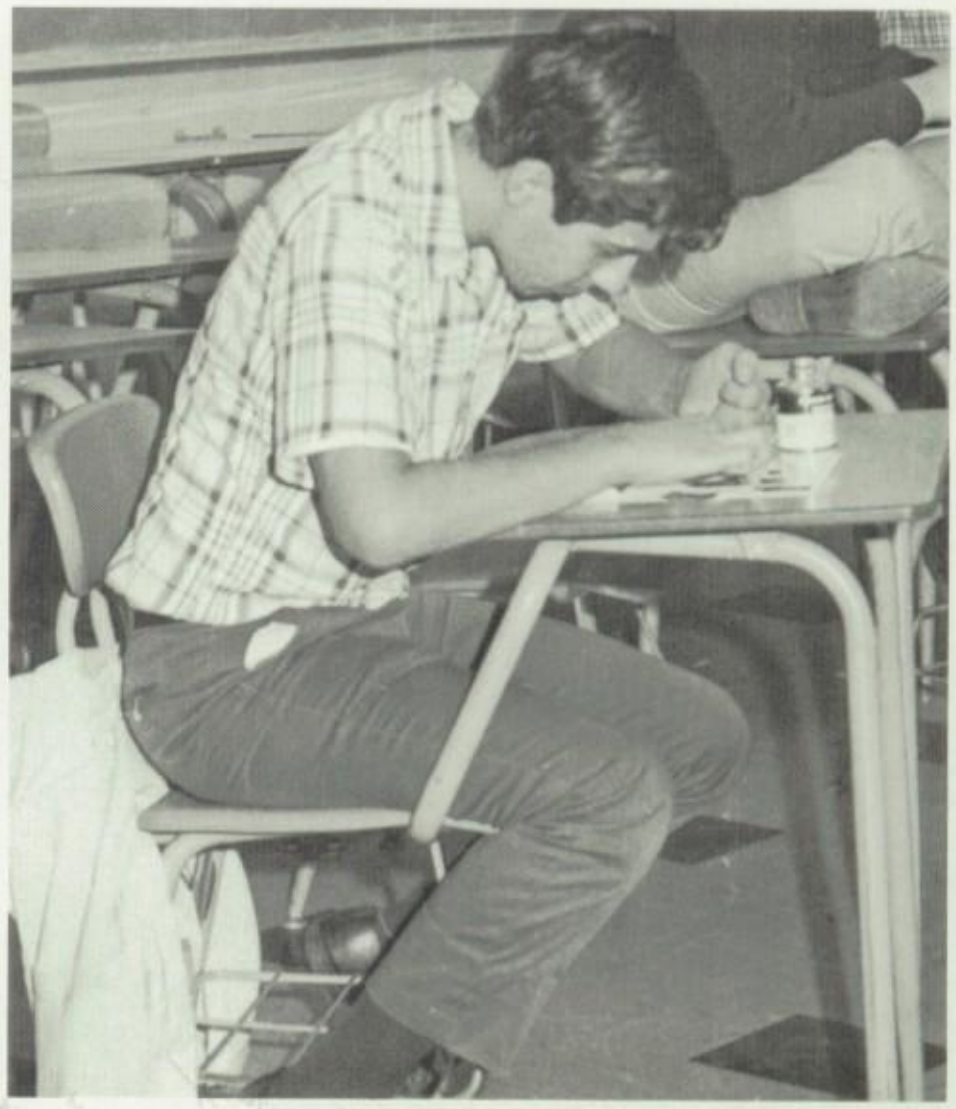
Just as vital as the curriculum is in producing the well-rounded student, extra-curricular activities aid the student by enabling him to demonstrate the talents and qualities which are usually impossible to express in the regular classroom situation. By giving the student a sense of freedom in choosing a particular field, activities permit him to discover his potential as a real person, thereby doing his own thing. For those students who are able to participate, the actions going on after 2:00 are more important in building character than what occurs during the day. Within school hours, a student's mind grows as he is is led into learning new ideas and concepts. But after the last module has ended, the torch is then passed on; the student now does the leading. He now establishes his own path into the realm of knowledge. The student can then choose between the different clubs and activities which he feels will benefit him the most.

In offering these opportunities to each and every one of it's students, Cathedral High School will continue to produce educated individuals who in the future will look back at the past and say that Cathedral made it possible.



NS AND ACTIVITIES

STUDENT COUNCIL

Just as is the country in which we live, so too Cathedral High School is built upon the representative form of government. The representative body at Cathedral, known as the Student Council, functions as the vital crossroads between the Student Body and the Administration.

To insure that each student is fully aware of what is taking place around him, he is given the opportunity to communicate with the Student Council, which in turn relates directly to the Administration what exactly is on the student's mind. In this manner, the presence of the council makes the student feel that he is truly a vital part of Cathedral High School.

In an action, unprecidented in the school's history, the Student Council has relieved the administration of the burden of student discipline by placing it upon themselves, thereby making the student more responsible for his own actions. All this has been done in an effort to insure a more involved and responsible student who is proud to be a part of Cathedral High. The Student Council deserves much appreciation for the accomplishments mentioned for never has a council done so much for the betterment of the Cathedral Student.

Members of the student body present problems that they feel should be solved.

As a service organization, the Circle Cee is invaluable to Cathedral High. It's purpose is to insure that all students are aware of their responsibilities toward their school. The Circle Cee has gained the respect of all the students simply because they show a visible spirit and pride in their school. It's members take credit for most of those events which are not seen by most. When we have a rally or an assembly, the chairs or stages seem to just be there, while the truth is that the Circle Cee has already come in beforehand and done their job. When such events as concerts, social graces, rallies, etc., are all over, it seems that everyone is free to go home; but then you hear that announcement for "gym set-up" to remain after to which no one usually pays any attention!

The Circle Cee was instituted by the students for the students, and it is for this reason that the organization has functioned so smoothly and efficiently as a vital part of Cathedral High. This yearbook is dedicated to those people who are responsible for the initiation of student involvement and the renewal of school pride, and certainly the Circle Cee must be mentioned and appreciated at this time.

Under the direction of president Greg Wells and moderator Mr. McGee, the Block Cee sponsored such things as the Grammar School Basketball tournament, and Grammar School track meet. Besides this, the Block "C" ushers at all interscholastic activities of Cathedral and they also run intramurals. As one of the most respected clubs on campus, the Block "C" spreads it's influence to the grammar schools, letting them know the assets of being a Cathedral student and the many things Cathedral has to offer.

An Association of the Betterment of Others

The Marian Society is one society which is entirely devoted to the well-being of other people rather than for the benefit of its members. They have completed many endeavors in the previous year including a Christmas Party for the poverty-stricken children of Aliso Village. Besides being a very successful and joyful party for the children, this event marked a very important era in Cathedral's history. The Marian Society combined their efforts with those of the Black Students Union and U.M.A.S. and with these combined efforts, the entire "union" turned out a party which was the exact personification of the spirit and unity here at Cathedral High this year. The Marian Society has also sponsored a Turkey Drive where they raised money to buy turkeys for poor families in Los Angeles. All in all, the Marian Society has been a complete success under the leadership of president Richard Gonzalez. They have totally given their lives here at Cathedral High to the betterment of others. This 1969 Chimes Yearbook congratulates the Marian Society for all their undertakings, and we want them to know that we are all proud of them for their devotion to their school.

BLACK STUDENTS' UNION
A Movement at Cathedral

Anthony Tucker, president; Aaron Elzie, secretary, Mr. Robert Taylor, moderator, Edward Badon, vice-president.

Headed by Mr. Robert Taylor and Anthony Tucker, the Black Student's Union has become an organization to be reckoned with. The basic purpose for the creation of the Black Student's Union at Cathedral was to get all Black Students to take advantage of all avenues open to them. They not only want to better themselves at Cathedral, but also in the community. The Black Student's Union provides an atmosphere in which all Black students can come together and discuss their problems collectively. The ultimate goal of the Black Student's Union is to be recognized as individuals in our society, and to better themselves by all possible means. To be a member of the B.S.U. one must not necessarily be black in skin but must be sympathetic to the black man's cause.

They are the people who have been making all of those posters which have circulated to local schools concerning our dances. In preparation for each athletic event, the committee spends many hours making banners and posters which drive our teams and students on to victory. They are totally involved in the well-being of Cathedral High and its students. They never really receive anything for their contributions to the spirit of C.H.S. California Scholarship Federation

The C.S.F. is a most unique club on Cathedral's campus. The Club is an honorary society and is mainly designed to recognize those student who have excelled in academics and have achieved a grade-point average of 3.2 or better. The purpose of this group is to bring these excelling students out into the open where other people will notice them more. The reason for this is an attempt to stimulate academic achievement so that the students of Cathedral become whole people. The addition of the board outside the office which lists those students who have excelled in each class and their grades, adds to the initiative of the student at Cathedral. In the last year, the academic status of the Cathedral Student has risen immensely. Besides being a quiet club at Cathedral, the C.S.F. has sponsored Coke sales at school dances and has accomplished a pot-luck dinner for its members, honoring those Seniors who have Life Membership in the C.S.F. Those select Seniors have been on the C.S.F. roster for five semesters or more and will receive a gold stamp on their diplomas and gold tassels on their caps at graduation. So the Yearbook Staff acknowledges the C.S.F. for their endeavors of producing a strong sense of pride and competition between the students here at Cathedral High.

Rally Committee: With Spirit, They Inspire Spirit

The Rally Committee, under the leadership of Moderator Mr. Ferguson and Chairman Ray Delgado, has brought to the students of Cathedral High School an air of comedy and relaxation.

A lot of devotion and hard work go into our rallies. When the spirit has been low and sullen, the committee has come through with many fine rallies. They have organized bands to play at the rallies and this has proven to be their most successful accomplishment this year. When the students constantly yell for more and more at the rallies, you know they must be successful.

This year, the rallies were under the direction of Chairman Ray Delgado.

Dance Committee: School Spirit In Action

This year's dances, under the leadership of chairman Joe Munoz, have proven to be a strong show of spirit on the part of the students themselves. Unlike in the past, this year's committees were arranged according to division rather than just groups so that an entire class would be responsible for putting off a dance. The Seniors showed their spirited support at their first dance of the year welcoming all the incoming Freshmen. In October, the Juniors sponsored the Homecoming Dance which was one of the highlights of the year and attracted many people. The Sophomores and the Freshmen equally contributed to the spirit at Cathedral by sponsoring successful dances in the past year. Through the combined efforts of the Student Council and the entire Dance Committee, Cathedral and Salesian staged a joint dance—the first of its kind in the history of both schools.

Band is Their Name, Spirit is Their Game

Mr. John Perkins

The Cathedral High School Band, under the direction of Mr. Campo and Mr. Perkins, has risen above all of the other commonplace activities. It has provided the students of Cathedral with more incentive and spirit than ever at athletic events, rallies and concerts. Mr. Campo and Mr. Perkins are instructors and molders of the many students who have joined Band in this year. Band has proven to be a valuable experience which is just the first step towards a musical career. The Band not only offers its members an elective, but at the same time, it produces an enjoyable, harmonious experience.

The parents of the students here at Cathedral annually have an opportunity to participate in school affairs by joining the Parents' Club. This organization has as its theme the betterment of both the school and the student. By sponsoring such notable projects as the annual fiesta and the Purple and White Ball, the Parents' Club is able to raise enough money to sponsor the high school education of many prospective Cathedral students. As an economical asset this club is noteworthy, but its activities do not end there. The annual Parents' Club picnic welcomes all students and their families to join in the fun, and supplies refreshments to insure that all have a gay time. The Parents' Club is an organization always on the move, ready to help whenever necessary, and continually ready to serve the Cathedral student.

Adding Spirit To the School:

Cheerleaders and Pep Squad

Leading the spirit of Cathedral High's football games, basketball games, and all other athletic events, are the pep squad and cheerleaders. They have inspired the students this past year with many cheers; bringing with these cheers, a true feeling of spirit and loyalty toward Cathedral High. Since school has reopened this year, its main objective has been spirit, pride, and unity. In association with these objectives, the cheerleaders and the pep squad have been quite instrumental in bringing up the level of spirit of the student body. The pep-squad and cheerleaders are very symbolic of the spirit at Cathedral for they come from all different schools and yet they have tremendous spirit and drive for Cathedral High. The least we can do is acknowledge their pride in Cathedral and thank them for their devotion.

Rallies are another occasion where cheerleaders are called on to lead the school in cheering our team to victory.

Frosh Week:
The Renewed Spirit Shall Live On

During the first weeks at Cathedral, the freshman student is initiated into the Cathedral Spirit.

Is it a tradition with a purpose or merely a week of senior domination? Has this week been an inspiration to the freshmen or a deterrent in regards to participation? We sincerely hope that the goal of Frosh Week is only the former of these two statements. It is undoubtedly a week for seniors to show what Cathedral material is made of. The philosophy of Frosh Week is not solely the idea of "orientation" in the initiative sense but mainly an introduction to Cathedral and the life it has to offer.

The utilization of what Frosh Week is really meant to do is for the benefit of both seniors and freshmen. In order to be a part of Cathedral, the freshman has to know what Cathedral really is! It is this job which faces the seniors, but it is not a job in the sense of a task. Rather, it is an accomplishment!

Freshmen exhibit many hidden talents at the request of their Senior "masters".

Frosh week comes to a pleasurful end as the long awaited the week at Cathedral, the Frosh Dance attracts students all the way to Eagle Rock High.

Fiesta and Drive 1968: Fun, Games Prizes and Funds for Cathedral

Annually, the most publicized and successful event at Cathedral is the Fiesta. People come from miles around to the crowded campus of Cathedral High School to enjoy the many activities, the delicious food, and the friendly company of the weekend. Sponsored by the Parents' Club, the annual Fiesta has become a tradition with not only the students and the alumni, but also the community of which Cathedral is so vitally a part. During these days of excitement one can experience the exotic flavors of foreign foods or can partake in a game of chance. If one chooses he need only walk around in order to find a beautiful face and a lovely smile with which to talk. At any rate the annual Fiesta was a tremendous success and proved to be a great time for all who came.

A walking Mariachi group was added to the musical entertainment at the Fiesta.

Dances are as much a part of Cathedral as any club or organization claims to be. Our school dances are significant in the sense that they provide an extension of the educative process.

Dances have become reflective of Cathedral spirit. A unique typification of this is the Cathedral-Salesian dance which is an example of the "sympatico" of Cathedral students to traditional rivals. This joint dance is proof that student's participation in dances is a constructive action with the potential of future betterment of social affairs.

Drama: A Visual Monument

With the help of the Senior Class of 1968, the Drama Club has become a very unique and gratifying experience here at Cathedral High. Last year's Senior Class left the school a video-tape recorder as their remembrance, and with this gift came a very valuable elective. Under the direction of Mr. Greg Di Conti, the Drama Club has joined forces with Sacred Heart, Immaculate Heart, Loretto, and Conaty High School. In all of their production they use no scripts. REAL PEOPLE '68-'69

Little argument would be encountered if someone were to say that the retreats were the initiating factor in the trend towards change. Ever since the first real retreat, which took place last year, the recipient student of the "encounter" has developed an outstanding outlook. The student has acquired an acute sense of receptability of ideas and fellow students who he's probably never spoken to.

Under the direction of Br. Gene, this year's sophomores were given the opportunity to share in this "encounter."

From the initial trip to Valyermo, to the present, the encounter has become one of the most worthwhile extra-curricular activities this school has ever offered.

Grubby as they may seem, even strangers were bound together with a definite feeling of brotherhood.

Meeting new people and finding yourself in reference to them was the main theme of all the "encounters."

Homecoming princesses and their escorts are: Patricia Robles and Troy Lyons, Cecilia Peria and Mario Salazar, Laura Lee and Hector Tovar, Priscilla Lara and Frank Delgado, Rosemary Peterson and Ron Wilder.

Frank Delgado unfastens pendant given to princesses as a remembrance of the occasion.

Cathedral's Student Body this year was treated to an extra delight with five vivacious beauties instead of the traditional four for the Homecoming festivities. Five of the surrounding girls' schools near Cathedral voted within themselves for the one girl who would best represent their school. The princesses are a sure sign of the spirit here at Cathedral for the student council are solely responsible for organizing the Homecoming dance, rally, and luncheon all of which were entirely successful.

The Homecoming festivals ended with a dance in honor of the princesses and the entire enchanted evening ended with a late supper.

SPORTS

Cathedral High has always been proud of its athletic spirit. No team plays against Cathedral who cannot feel this drive and fight. Though our victories are not many, we are never out of the game until it's all over. Even then there is still a part of Cathedral's spirit or soul left on the field after the game.

In football we were hurt this year, for 1968 graduation took much of our experience away. In overcoming this debt, there were many first year Varsity players who really showed quite a bit of effort and drive for their team and school. In Cross-Country this year, Cathedral ranked high in the C.I.F. playoffs and we took first place in the newly formed Del-Rey League. Basketball season was up to the par of Cathedral as they showed quite a fight and the games they lost were mostly heartbreakers—the Alemany game was lost by one point. Cathedral made a basket putting us ahead one point, in a dying effort, Alemany took a wild shot and sunk it. We lost by one point! We are defending champions for the Catholic League (now the Del-Rey League) in Track for both Varsity and Cee teams. Baseball, Tennis, and Soccer were our last chances to bring our spirit up. Soccer was especially successful in their league while Tennis was also in this same category for they were high in the standings for the entire league. Br. Anthony will be the new coach for Cathedral and he has the needed experience to lead the Tennis Teams on to Championships year after year.

All in all, there are nineteen teams made up of Cathedral students who are actively involved with the spirit and image of Cathedral. While others are involved with their school in government, or academics, etc., these teams are the athletic side of Cathedral. There is a sport for every season and spirited athletes respond to every sport. Flying tackles, leaping rebounds, grueling paces, home runs, and backhanded returns are all sounds of the spirited athletic world here at Cathedral High.

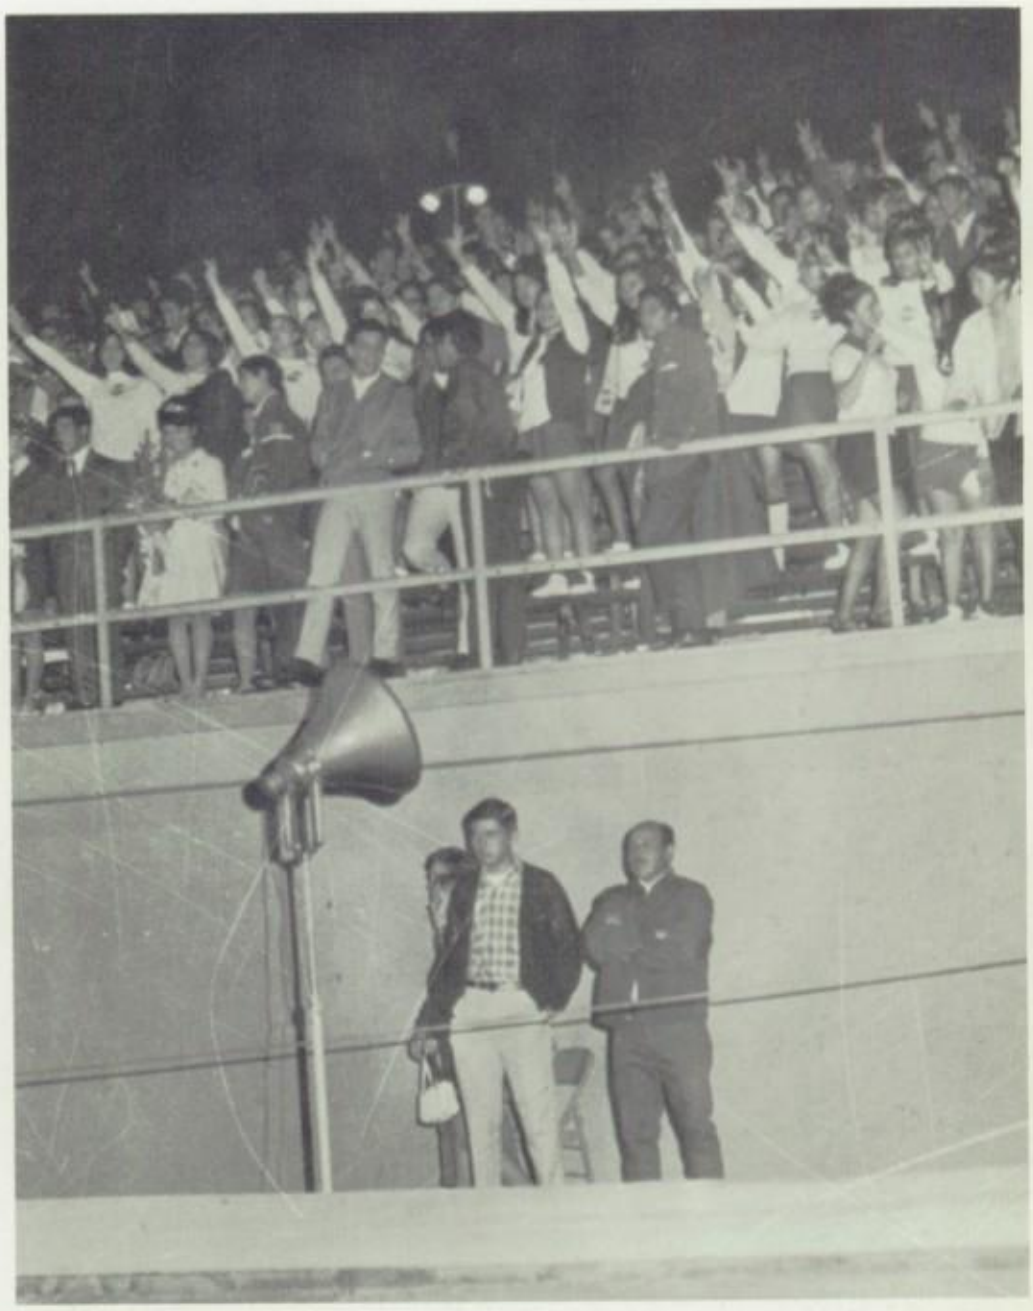
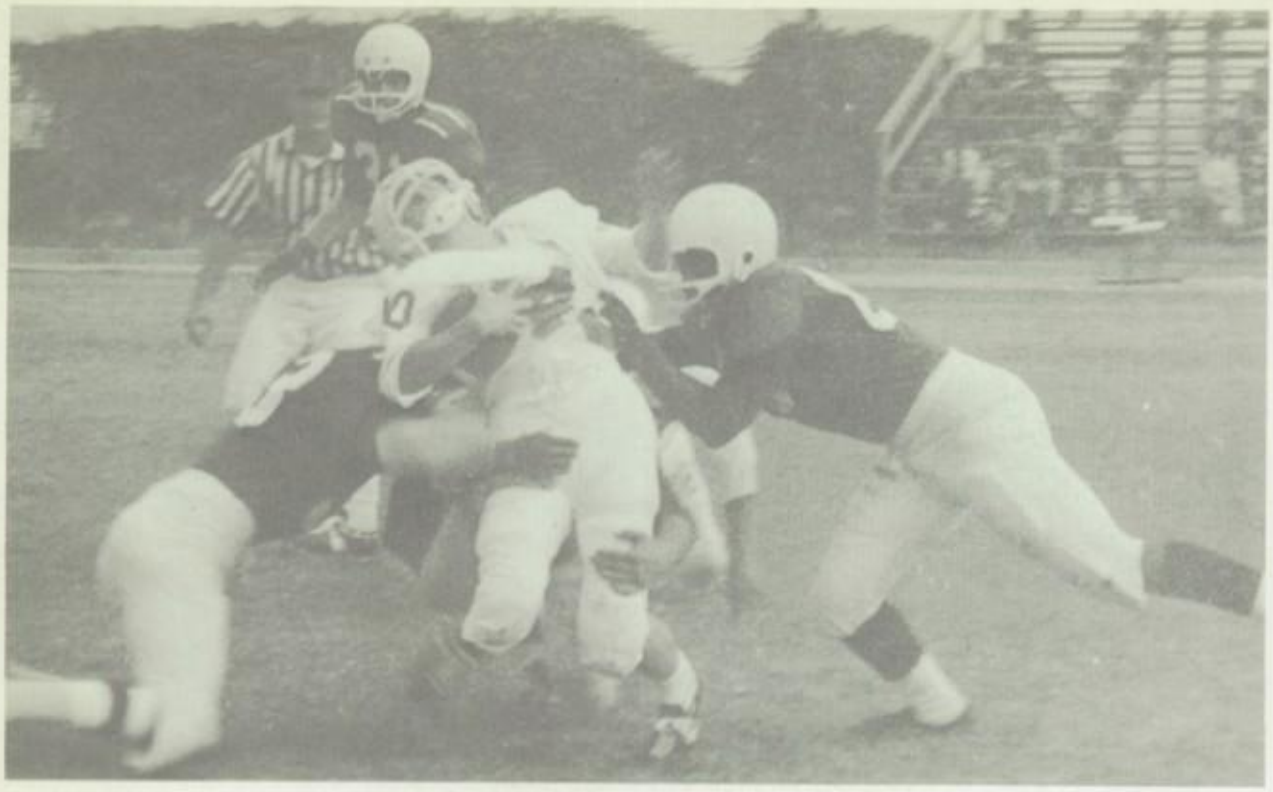
The Varsity football team of 1968 began their season with their traditional victory over Cantwell High School. This seemed to be an indication that our team was finally on its way to victory after three previous disappointing seasons. But the first impressions proved deceiving. Although the scores did not reflect this attitude, the players gave their all for our team. There were many times when we were behind by just a few points. Maybe we were just very unlucky. It should be noted that there were only a few returning seniors to the team, such as Ed Martinez, Ed Chavez, and Greg Wells. It is very evident that our team lacks the experience that the other schools had. However, next year's team is most promising because of all the juniors that will be returning to the squad next year with some experience. This year's team was not without its stars. Senior Greg Wells once again received All-League Honors in the new Del Rey League in both offense and defense. Terry Saiz also received honorable mention. Juniors who received honorable mentions were John Osollo, Peter Dunkel, and Frank Garrido. Next year's team surely should be great.





Gilbert Garcia is twisted to an abrupt halt at the Purple and White game.

The Junior Varsity team got off to a poor start this year but came back fighting in the last two games of the year in the newly formed Del Rey League. With this last minute burst of strength, the Cathedral Spooks cinched a third place in the league. Coaches McGee and Gladden had one basic problem with the team this year and this was mainly one of inexperience. The Junior Varsity had a devastating offensive team which was clearly visible in the Salesian game—ending in a thrilling 21-20 win. The experience which this team has gained will prove to be highly valuable to the new Varsity players in the years to come.

This was the very first year these players have ever played high school ball and yet they showed quite a bit of knowledge on the field. The Coaches have done a very good job, but it must be recognized that they had a fine team of players to begin with.

The team put their talents to work against all their opponents and achieved almost complete victories. Against Salesian the members of the team came in 2nd, 3rd, 4th, 5th, and 6th, losing only to Richardson, who took first place.

To be on the team one has only to put out initiative, and try his best. The practice is rough, mean, and hard, but when victory is near, all the time and effort is worth it.

VARSITY BASKETBALL

The 1969 Cathedral High Varsity Basketball team, under new head coach Jeff Peltier, was faced with their old nemesis again this year: lack of height. Every year, Cathedral High presents tough, determined players yet when they come against teams who are three and four inches taller than they, at times they just can't hold out.

Last year's graduation took much experience away from the team, leaving gaps in the Phantom defense. Rising from the mire of these obstacles, the Phantom team showed strong drive and determination, continually giving their opponents in League battles a real fight.

The Bee Basketball team showed a strong exhibition of school pride and determination. Even enough to raise them to a position of second place in the newly formed Del Rey League! Although they do not have gargantuan size, they had great team work, and terrific shooting ability. In one of their many accomplishments of the season the Bee's broke the old scoring record for a single game. We congratulate the Bee's for a fine showing in the new Del Rey League. If there was one thing that you could say about the Cee Basketball team, is that they were disciped. They lacked the height that other teams possessed and so it was common to see them work the ball around until they obtained the best shoot possible. These tactics enabled them to finish in a fight for the league title losing only to the first and second place teams in the league.

Team Members are: Carlos Hurtado, Louie Duran, Joe Haydel, Rene Gonzalez, Al Larios, Coach Jeff Peltier, and Manager Richard Ariaza.

Team Members: Anthony Metoyer, Terry Saiz, Tony Mayes, George Valeriano, Frank Alfonso, Hector Vasquez, Manager Richard Luna.

Under the guidance and experienced coaching of Pat McGee, the 1969 Varsity Soccer team has risen above all obstacles obstructing their view of the newly formed Freeway League. With victories over Salesian, Verbum Dei, and Pater Noster, the Phantom team went on to a total of seven wins, two losses, and one tie clenching for them the League Championship. Rewarded for their sterling performances during this victorious season were: Sergio Salvatierra, Homero Veliz, Henry Salcedo, and also Hector Limus.

Soccer is a relatively new sport at Cathedral and it has surprisingly developed into the most productive and successful athletic endeavor in the school's history. Besides being the roughest sport in the realm of athletic competition, Soccer is also responsible for building up the stamina of its players. Soccer is also truly responsible for the recent rise in spirit at Cathedral.

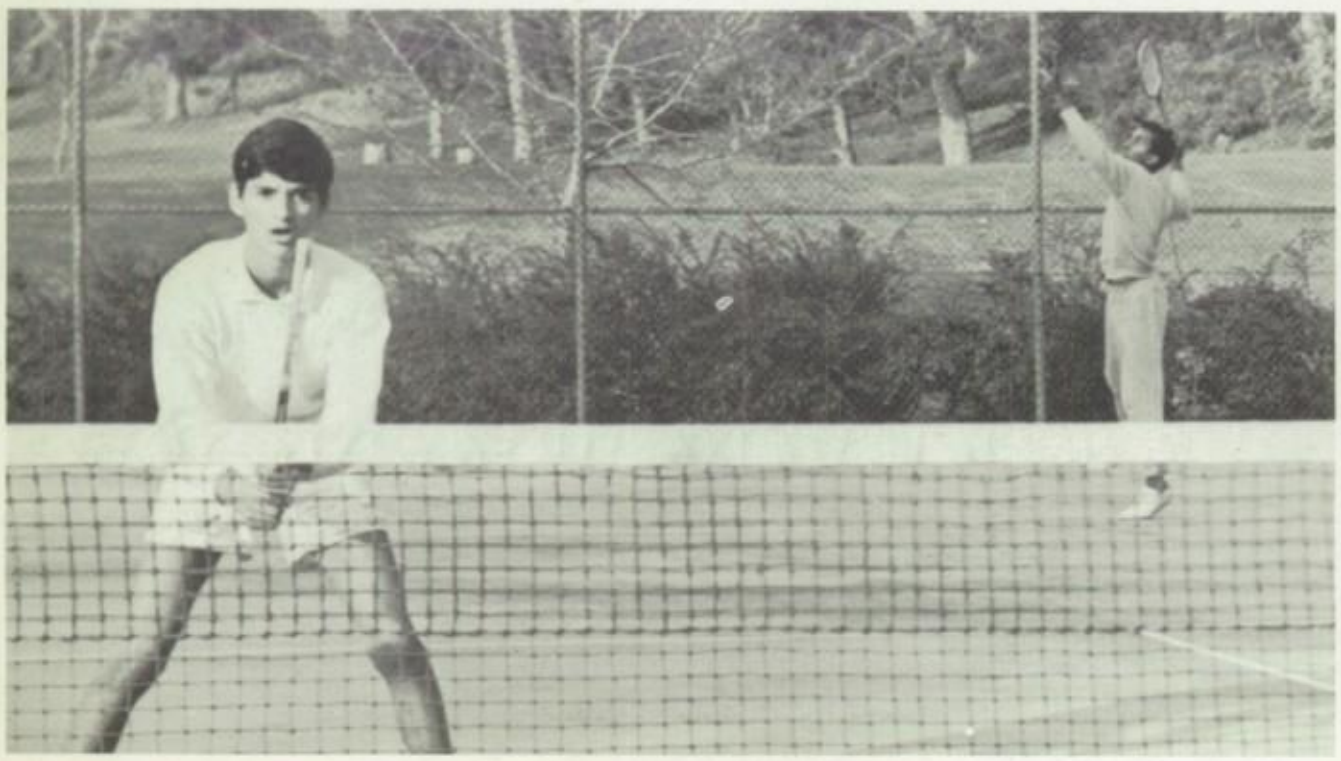
TENNIS: A New Coach And A New Spirit

With the potential to have one of their most successful seasons, the Varsity Tennis team showed more and more improvement after each athletic encounter. The Phantoms had a large turnout of experienced personnel this year with returning Varsity lettermen Don Figueroa, Richard Gonzalez, Mike Chavez, Phil Vargas, Paul Vargas, and Carlos Reyes. Daily practice and League confrontations consisted of challenges for position, broken racquets (and spirit at times), exuberant victors and disheartened losers. Under the guidance of new head coach Br. Anthony, the Varsity Tennis team supplied the Cathedral Phantom with a new, rewarding source of spirit and pride.



Melvin Henderson and Carlos Reyes proved to be quite a team when confronting their opponents in Doubles competition.

For the past four years, the Fathers' Club has sponsored an annual Purple and White football game. They have always taken the entire event in their own hands and consequently it has been a continuing success.

The Fathers' Guild Congratulates the Class of 1969

Members of the board busily arrange the order of events for the Annual Fiesta, assigning the many tasks involved in a successful fiesta to the willing fathers.

Many fathers became so involved with their sons' well being at Cathedral that they actively took part in the many endeavors of the Fathers' Club along with attending their monthly meetings.

Louie,

One of the nicest boys I know who truely deserves the nicest girl I know. Stay as happy always as you seem now, and never change that smile into a frown, because I won't be able to get used to it. Good luck in everything you attempt to do, and may you have all the happiness in the world.

a friend always,
Cathie M.

To Louie, Hi Louie remember me. By the way, my name is Ollie or Ollie Boby. She's famous. Well I'll say the world. Tee in a movie the other day. You'll see it soon. Tee is really a beautiful together so I Luck in the Ollie Be true Blue to you. Boby Dotyal Dotyal Dotyal

Dorie,

We've known each other for at least seven months now, though it seems much longer. As time goes by, I hope we grow much closer to each other. You have made me real happy in many ways. You are special in my life and sincere. You always make me laugh when I'm down; you're someone special. You put up with me when I'm in need of extra moods. I can always count on you for my best moods. I want to thank you for this and realize that you're always with me. I just remember that two never do that you're one of a kind and I care. For making me whatever I do does not in my mind because I really care for one another

Love You always,

Jeri

Janice,

I've known you for so many years now, and have grown to like you like a brother or shall I say another brother. I can only wish you nothing but the best in your future with my own flesh and blood. You've got it even more when something fails. You've got your shoulders and I know you can succeed. Accomplish your goals but always remember to be more proud of yourself and this way you'll be more proud of your Two. I won't wish you good luck with the girls because you really don't need it. You've got a good head on those are Two things that a girl seeks and always keep in mind it is to be a perfect gentleman.

Your big bro

Love &

The most a person can possess is the ability to have an open heart for others. To make them happy by sharing experiences and being there to lend an ear at times of depression. During these past years of ups & downs you have been just this and much more. You have grown to be a real person and have faced life with a firm grip and have the strength to stand up. After many falls a person had the power to stand-up again, But in the long run all of those falls make you more sure of your position here on earth. I sincerely hope that in the near future you will continue being this person which I have looked so much up. Our relationship has grown so much that I really consider you as my brother and I hope you are able to say the same. Remember me as a person and always remember your philosphies. Have the greatest of luck in the future and enjoy the good things in life. Have a great time with "Queens rules" Don't forget to call or else 626-3746 Always your sister, Terri.
